Q And who are you represented by?

A Mr. Sweeten with the Attorney General's Office.

Q And as I ask you questions, I just want to clarify that I am not asking you to reveal specific

conversations with your attorney. I will do my best to
 understand who was present during the discussions so that

9 we can speak appropriately.

But if there is a time where your -- you had a discussion with your attorney, then you can let me know that, and I will attempt to avoid those types of questions. Do you understand?

A Yes, sir.

Q So you also discussed that you reviewed an e-mail to your district staff. Can you tell me what the subject matter of that e-mail was?

A I think it was just basically information concerning what was happening with regard to the process for the voter ID legislation.

Q Was it in regard to any particular piece of photo ID legislation?

A Well, I don't remember if it was 2009 or 2000 -- probably 2011.

Q Do you know if you produced that particular

[Page 16]

request, but I think that is -- having not been involved
 in the production in the second case at all, I think
 that is a rendition of kind of how -- the documents that
 he has produced on this.

Q (By Mr. Gear:) So I still want to go into the types of documents that you produced.

Do you recall producing personal e-mails or work-related e-mails related to photo ID legislation?

A We have produced everything that was requested of us by the Secretary -- by whatever document, in accordance with the Secretary of State's instructions, I think -- or not the Secretary of State, but the Secretary of the Senate, if I recall. I am not sure. I didn't personally do that.

It was a process that I think -- I am sure, like many other offices, we get requests like that all the time, and so we have a process for putting that information together and getting it to the proper authorities, in accordance with the Attorney General's instructions, as well as the Secretary of the Senate sometimes gets involved in the Freedom of Information Act or the Open Records Act, documents that are frequently requested in our offices.

Q So, if I understood your testimony correctly, it was the Secretary of the Senate that made a document

[Page 15]

document to your attorney, or do you know how --

MR. GEAR: Strike that.

Q (By Mr. Gear:) Do you know if you produced that particular document to your attorney?

A I am sure we did.

Q And regarding production of documents, did you produce personal and work-related e-mails that deal with photo ID legislation?

A We --

MR. SWEETEN: I may need to -- we have obviously -- as I understand, as sort of the arc of this case, we produced -- as you know, Bruce, we have produced, on behalf of Senator Duncan, documents in the 2012 litigation. That was reproduced in this case, as I understand it.

And then I think, in addition, this Court has, you know, required certain documents -- additional documents from all the legislators that were subject to legislative privilege, and I think those were all produced.

So I think the answer -- I mean, he is not under -- this isn't a subpoena duces tecum as to this Notice of Deposition.

MR. GEAR: That is correct.

MR. SWEETEN: There is not an additional

[Page 17]

1 request of your office?

A I don't know. I can't tell you, because it was handled by my staff.

Q Okay.

A I am just giving you a general -- an estimate or general idea of how that normally works.

Q Do you recall when that request was made?

A No.

Q Do you recall who on your staff searched for

those documents?

A I would imagine that it was Jennifer Fagan

who -- to the best of my knowledge, it would be Jennifer

Fagan, who was the Committee Director for State Affairs,

and then perhaps my Chief of Staff, for anything that we

might have had in the office, in the Senate office.

Q And who on your staff worked on photo ID legislation?

A Jennifer Fagan was the director of the

committee -- or the State Affairs Committee, and she was

primarily the staff person in charge of that.

Q And as the director of the State Affairs

Committee, can you tell me what her responsibilities were?

A Well, she basically made sure that -- she was

in charge of making sure that the process that we have in

our committee for scheduling bills, vetting bills, and

7	A) Well, according to this document, it was filed	7	A No.
8	on November the 14th of 2006.	8	Q Did you consider sponsoring HB 218?
9	Q In looking at Exhibit 2, can you tell me when it	9	A Probably not.
10	was actually received by the Senate?	10	MR. SWEETEN: Objection; privileged.
11	A It was received on April 25th of 2007,	11	Let's say privilege on that, and you can answer.
12	according to the document.	12	A Probably not.
13	Q It also appears that there was a first-time read	13	Q (By Mr. Gear:) And when you say "probably not,"
14	in the Senate on April 26th, 2007?	14	what do you mean?
15	A Correct.	15	A Well, I probably didn't consider it. I didn't

A No, sir. Q (By Mr. Gear:) And just so we are clear, you are MR. SWEETEN: Do you want to give me a running go ahead. What were you going to say? I interrupted. MR. GEAR: Just so we are clear, I thought we had put on the record that you would be asserting legislative privilege and asking that it be maintained under seal. I am not sure how we would actually do that. MR. SWEETEN: Yeah. All As I understand the Court's order, they're saying suggesting that we assert it, and then he can go ahead and testify with respect to the legislatively privileged matter.

Do you see that? A That is what the transcript reflects. Q And do you have any reason to dispute the accuracy of this transcript from the House? A I have no basis to dispute or not dispute it. Q Turning to the Senate, do you recall any discussion in the Senate regarding HB 218 that where constituents expressed concerns regarding noncitizens voting? A I do not have independent specific recollection of any testimony or statements. The record would reflect that we had a hearing. So the record would reflect those citizens and constituents who actually testified at the hearing. And so I don't have specific recollection back to 2007 about what we heard at that point in time in April, I guess, or May I guess it was in April of 2007. Q Let me ask you specifically regarding	privilege. Go ahead. A No, sir. Q (By Mr. Gear:) Do you recall having any discussions with the Lieutenant Governor or the Governor regarding illegal aliens and noncitizens voting? MR. SWEETEN: Objection; legislative privilege. All As I understand the Court's order, they're saying suggesting that we assert it, and then he can go ahead and testify with respect to the legislatively privileged matter.

[Page 38]

that information is legislatively privileged. And I think you've also said that this has been done throughout the case.

But we are asking that it be maintained under seal, the deposition. I think we have agreed to that early in the deposition, because we are discussing what we believe to be legislatively privileged matters. I think that is --

MR. GEAR: That's the Court's --

MR. SWEETEN: -- at the point where I will object to legislative privilege.

MR. GEAR: Yes.

MR. SWEETEN: I think, yes, with respect to any matter where legislative privilege is asserted, we want, obviously, that material to be kept under seal. I also understood you to say this entire deposition, the way it has been done, is that it has been kept under seal. Is that not accurate?

MR. GEAR: Well, I think you are objecting a little bit differently. So I want to make sure the record is clear.

Essentially, in other depositions that I have participated in, they have asserted the legislative privilege and then agreed to not waive legislative privilege, but maintain the deposition under seal. And

[Page 40]

legislative privilege is not appropriate when dealing with issues of constituents or interest groups?

MR. SWEETEN: Well, I don't know that that is -- I don't know that that is the case.

If you are talking about now his discussions with constituent communications, I think there is the argument -- we argue certainly, you and I, back and forth, as to the D.C. Court as to whether

constituent communications would be covered by that.

So I would assert legislative privilege as to constituent communications as well.

MR. GEAR: And I would say that that's an improper assertion. I understand your position, and so we can just move forward. So I wouldn't give you just a running objection --

MR. SWEETEN: Okay. I will just assert it. I will just assert it when appropriate. Again, I am not trying to be an obstructionist, but I have got to maintain the record so that it is clear where we are asserting it, in the absence of a running objection,

Q (By Mr. Gear:) So we were -- we were discussing constituent mail, and I believe your testimony was that you don't have any independent recollection of receiving constituent mail regarding constituents who may have

[Page 39]

the legislative privilege objection wasn't asserted each and every time.

MR. SWEETEN: Okay. Well, I'm fine. I mean, Bruce, if you will give me a running objection on legislative privilege as to all, you know, matters that you are going to be discussing with respect to 2007 to 2011, I do not need to keep asserting legislative privilege as to each question.

Where I don't want to be in a situation is where I haven't asserted it or where there is some argument that I haven't asserted it. So I guess we can do it one of two ways.

Either I'll keep just making the assertions, again, letting him answer the question with my objection, or if you will give me a running objection between, you know, now and through the discussion of legislative privilege -- I assume we are going to go through '09 and '11 -- and then we can do it either way. It's, you know, whatever, you are comfortable with.

I just don't want to be in a situation where it's argued that I didn't assert legislative privilege. So that's why I am having to maintain the objection.

MR. GEAR: And would you agree that legislative privilege is not -- the assertion of

[Page 41]

1 expressed concern that illegal aliens or noncitizens were

voting. Is that a fair representation?

A I think that is a fair representation.

Q Do you have any recollection as to whether your

staff would have received any type of constituent mail along those lines?

A I do not.

Q Who would be responsible in your office forresponding to constituent mail?

A 2007, it would be various members of the staff they spread that responsibility on.

Q Would Jennifer Fagan be responsible for responding to constituent mail?

A Probably not.

Q And do you recall the name of the staff member who would be responsible for that?

A In 2007? Probably not. I mean, there's several. It wouldn't be just one person. There would be several persons who respond with the processes that are available to us.

Q Do you recall what --

MR. GEAR: Strike that.

Q (By Mr. Gear:) Do you recall that HB 218 was

intended to address voter fraud?

A I recall the integrity of the ballot box was

12 • And based on that testimony, do you have any 13 recollection that the Texas Attorney General's Office in 14 2007 presented any evidence of prosecution of voter fraud? 15 A The record will speak to that. I don't have 16 independent recollection other than what the record might 17 show. I would refer you to the record. 18 **Q** Looking at RD-3, is there any provision in 19 there, that you are aware of, that would have prevented 20 noncitizens or illegal aliens from voting at the polling 21 place? 22 MR. SWEETEN: Objection; legislative 23 privilege. Go ahead. You can answer.

A That is an analysis that I don't know that I

can make, sitting here in a deposition, I mean. So I

bill, that the types of photo ID required in HB 218 may have a negative impact on minority, elderly, or poor voters?

A I believe the record reflects that there was debate and discussion along those issues.

Q And as the Chair of the State Affairs Committee, did you have authority to conduct any specific analysis to address those types of concerns?

A Well, I think every member of the Senate has that authority. We, in the committee, basically try to resolve issues, if there are issues. We have hearings, and members vote their -- vote their beliefs and their positions on the bills, and members lay out the reasons for opposing bills and not opposing -- or in supporting bills.

So there is a lot of analysis that goes on there, as well, but as far as any analysis other than what we do generally on the four or five hundred bills that go through the committee, we do what we normally

[14] (Pages 50 to 53)

24

25

[Page 54]

Q So I just want to break that out and understand your answer here.

Regarding HB 218, is it your testimony that there was no analysis related to what the impact may be on minority voters?

MR. SWEETEN: Objection; misstates testimony.

Q (By Mr. Gear:) And, again, I just -- I am not trying to trick you in any way. I just want to understand what the testimony is.

A I don't know what you mean by "analysis." Each member looks at each bill, and they analyze those bills in their own -- with their own process. In the committee, we hear from -- before the bill is heard, we hear from people objecting or not objecting, and we try to relay information to other members.

We develop a record, and then the members and the sponsors of the bill bring forth witnesses and evidence in support. The opponents bring forth witnesses and evidence in opposition. This happens on every bill that we do.

And voter ID was, you know, really no different, other than it was in 2007. Actually, it was a bill that was considered like every other bill.

Q Would it be fair to say that photo ID

[Page 56]

Q (By Mr. Gear:) We can look back at the legislative online history and roll.

A April 26th. There was literally 30 days left in the session and probably less than two weeks to be able to process the bill, have a hearing in committee, and have a hearing on the floor. So we rely on a lot of different evidence, and the Legislature is different from Congress, in that we operate on very strict deadlines.

And when you are in the Senate and you receive a House bill later in the session, you don't have time to commission studies or that sort of thing, but people bring evidence and put evidence in the record. And as the committee, we encourage that, we invite that, and we make sure that we have a hearing that allows for that.

And then the members can conduct their analysis of whether or not they believe differently or what weight -- let's put it like this -- the members, on their own, decide what weight they are going to give to the evidence that comes before them in the committee.

And so that is the process that happened in House Bill 218, and that is the same process that would go on for any bill that went through State Affairs, Jurisprudence, Health and Human Services, or any other committee.

[Page 55]

legislation was controversial in the Senate?

A It was. It's not the only bill that was controversial either, but it certainly was.

Q You've indicated -- You've testified that senators conduct -- follow their own process -- and forgive me if I am misstating this; I am just trying to understand the testimony again -- that there's -- they follow a process when working their way through the bill. Is that fair to say?

A Yes, sir.

Q So, related to HB 218 and the concerns that were expressed on the Senate floor, regarding the impact to minority voters, as the Chair of the State Affairs Committee, did you follow any process to determine if those concerns were valid?

MR. SWEETEN: Objection; legislative privilege. You can answer.

A You know, the answer to that question is yes. We always try to listen to concerns in the committee and determine whether or not they are valid.

Did we commission a study that would take five weeks or six weeks or two years? No. We don't have time to do that. When you get a bill in the Senate in April -- which what was the date that we received this bill? We received this bill -- it was April --

[Page 57]

Q So is it fair to say that there was testimony by opponents of the bill regarding the negative impact on minority voters related to HB 218?

A I would refer you to the record.

MR. SWEETEN: Objection; asked and answered on that question.

Q (By Mr. Gear:) Do you recall any testimony that was presented by supporters of HB 218 that would have supported the fact that there would have been no negative impact to minority voters?

A I would have to refer to the record on that.

Q And as you sit here today, I would like to understand your testimony.

Do you have any independent recollection of that type of testimony being presented by supporters of HB 218?

A You know, I really don't, but if you look -- I'm sure that there was testimony for and against the bill. I mean, this was a bill that had a lot of -- it was controversial, as you said. And so we have hearings about that, and we talk about it, and our committee was very good about debating issues in the committee and on the floor.

This bill went to the floor, and it was debated on the floor as well, so -- but I don't have

Q -- that was conducted. And would you consider that an analysis?

A To an extent, it was more of a -- it was a report. It was designed to provide information to help members understand the issues that are involved in voter ID.

It reported different studies and analyses that were done by the Carter-Baker Commission and other things that were considered or other studies, Court opinions that had an analysis in them. It referred members to different resources that they could use in performing an analysis of the issues.

And that was the primary purpose of that report and the primary purpose of any report that I authored as chairman of the committee, but, in particular, I recall on that one, because we did have a hearing on it, and I recall there was -- there were a lot of questions and issues raised on voter ID at that time.

Initially, that was when it appeared to me that it was -- you know, there was certainly people that needed information about what other analyses that were out there, and that is what we tried to provide in that report --

THE WITNESS: I'm getting about to that range again whenever you're ready.

MR. GEAR: That range?

MR. SWEETEN: Break range.

MR. GEAR: Let's go off the record.

(Short break taken.)

Q (By Mr. Gear:) So I would like to return briefly to Senator Van de Putte's March 3rd, 2009 record,

which we identified as exhibit -- is it RD-9?

A RD-9.

Q Focusing again on Number 2, with our

understanding of what I mean when I reference the term

"analysis," I want to ask you: Were there any reports --

Are you aware of any reports that were created within the
Senate to assist senators in understanding the effect on

 - **Q** I'm trying to define the issue of analysis.
- 3 A Uh-huh.
 - **Q** If I rephrased it and asked you, were there any reports specifically completed by the Senate, designed to
- assist the legislator in understanding student IDs, wouldyou understand what I'm asking you?
 - A Yeah.
 - Q Were there any reports completed by the Senate designed to assist legislators in understanding student
- IDs -- the issues related to student IDs in 2009?
 - A Not that I'm aware of.
 - **Q** Were there any reports designed to assist senators in understanding whether there were prosecutions of individuals who used student IDs and attempted to
- impersonate someone else at the polls in 2009?
- 17 MR. SWEETEN: Objection; legislative18 privilege. You can answer.
- 19 A As it relates specifically --
 - **Q** (By Mr. Gear:) To student IDs.
- 21 A -- to student IDs? I'm not aware of any.
- Q And the answer is: No, you're not aware of any?
- 23 A Correct.

- minority voters protected under the Voting Rights Act?
 A I don't think that was anything that was
- generated as the work of the Senate. As the author of
- 4 the analysis, I assume that there was evidence put in by
- expert witnesses at the hearing that they touted as an
- analysis, but I don't remember specifically about that.
 - I know there was a lot of discussion.
 - The record would reflect the details on that.
 - **Q** Do you recall if the testimony by the experts was by opponents or supporters of the SB -- I'm sorry -- of SB 362?
 - A I would assume the opponents, and perhaps the proponent experts, as well. I don't recall. The record would probably reflect that better.
 - **Q** As you sit here today, do you recall any testimony by supporters of SB 362 that would have supported that there would not be an impact on the minority voters as it relates to the Voting Rights Act --protected under the Voting Rights Act?

MR. SWEETEN: Objection; vague. Go ahead.

A I believe the record would reflect that there were proponents of the bill that supported -- there were witnesses who were proponents of the bill that reflected -- would you repeat your question? I've lost my train of thought in the question.

- **Q** Well, specifically, I would like to know if you have any recollection of Senator Fraser raising the issue of noncitizens or illegal aliens voting?
- 4 A As I sit here today, in August of 2014, I do not have specific independent recollection. I would have to refer to the record with regard to that.
 - **Q** Were you or your staff involved in any communications related to SB 362 regarding the issue of insuring that illegal aliens or noncitizens were not voting at the polling place?
 - A You know, I'm going to be -- I'm not trying to be coy. I do not remember specific conversations about that issue among my staff.

We were primarily concerned with process at that point in time. I didn't design the bill. And if there were conversations about that, they were certainly on the record, and I don't recall specifically any of those internally.

- **Q** And just to round that out, is it also your testimony that you don't recall any specific testimony with other legislators related to the issue of noncitizens and illegals voting at the poll?
- A No, I don't, but, I mean, it has been seven years ago or six or five or however many years. So, you know, if that issue came up, I don't recall discussing

Q So you've said a number of things in that statement.

> THE WITNESS: Can I get a glass of water? MR. SWEETEN: I'll get it.

- Q (By Mr. Gear:) So you've talked about vote -in your testimony, you've discussed vote harvesting of voter registration cards, correct?
 - A (Witness nods head.)
- **Q** Are you aware of any facts that will support that there was vote harvesting -- prosecution of voter impersonation at the polls of a person who was involved in harvesting voter registration cards?

MR. SWEETEN: Objection; compound, asked and answered. You can answer.

A I don't know how you prove it, because you can't -- if you can't require identification, then you can't -- you can't develop evidence sufficient to prosecute. And the volunteers or the minimum wage workers that work at the polls are certainly not law enforcement and capable to enforce it.

And in politics, you get aware of people that do those kinds of things. History tells us that those things are done. If you have -- If you read history, you read Box 13, Stevenson and LBJ, and you know that it happens.

I recall other reasons for being concerned about the ballot integrity. And so that's my frame of reference.

- O What reasons do you recall related to SB 362 --MR. GEAR: Strike that.
- **Q** (By Mr. Gear:) Do you recall what the purpose of SB 362 was?
- A The purpose of the bill was to preserve ballot integrity and to prevent people from just basically harvesting voter ID cards or voter registration cards and using them to influence primary and general elections, because -- under the provisions of the law.

Before we changed it, all a person had to do was present a voter registration card that entitled them to vote. There was no way to verify whether that person was the person represented on the card. Likewise, there's no way to prove or

provide any sort of enforcement with regard to whether or not the person who is presenting the voter registration card, representing that they are the person

entitled to vote, was, in fact, that person. And so the concerns that I was honed in

24 on was to stop that type of voter fraud that is almost 25 impossible to enforce against,

[Page 129]

And until you have the ability to -- and the simplest way to avoid that from happening is to require that the person who presents themselves to vote verify that they are the person on that card or that they're able to do it.

That is my simple, sole reason for supporting Senate Bill 218 -- or House Bill 218, 362, Senate Bill 362, and Senate Bill 14, I think.

- **Q** (By Mr. Gear:) SB 14.
- A SB 14.

Q And I understand your answer, and I understand that you're concerned that there is difficulty in proving voter fraud at the polls.

But my specific question was: Are you aware of any prosecutions related to voter impersonation as a result of vote harvesting at the polling places in Texas?

A I believe that -- there are prosecutions, I know. I don't -- I can't drill down and have not drilled down into those to be able to give an answer to that, but I do know there have been prosecutions.

I don't know if they had the vote harvesting components to it, but, in my view, that was -- in my view, that's a risk that we have with the current system of -- or the old system where you were

Q (By Mr. Gear:) We're back on the record. So, 6 Q And you said "polls." I'm sorry? 6 7 before we went off the record, you were discussing some of 7 A Right. Just general polls that we were aware 8 of. I didn't do any in my district, but things that were 8 the difficulties of identifying voter impersonation at the 9 9 done generally. polls. Do you recall that? 10 A Yes. 10 **Q** Do you legislate based on polls? 11 Q And one of the points that you raised was: It A Not normally. 11 12 Q Now, were you aware that election judges at the 12 would be difficult for poll workers to identify 13 polling places actually do have certain law enforcement 13 impersonation at the polls. Do you recall that testimony? 14 privileges? They have the power to arrest if they believe 14 A I do. 15 that fraud had been committed? 15 Q What steps or what reports or analysis did you 16 A Well, taking that as true, I've been to the 16 or your staff conduct to determine if that position was 17 17 polls. actually based in fact? 18 Q Okay. 18 A Well, I think, just anectodally, you know, you A And I see that reality is different, and that's 19 19 think through issues. When you represent a big district 20 20 like I do, you go around, and you talk to people. And I never going to happen or not going to happen unless --21 and if it does happen, it's going to be very -- it's had 51 counties. At that time, I think I had 46. 21 22 22 going to be a very difficult situation for someone who And voter ID and that sort of thing was a 23 23 probably is not trained in law enforcement or the ability big issue, and people would talk about that. They 24 to do -- to safely detain someone who they suspect is a 24 wouldn't talk about it in specific, "I saw this, or I 25 fraudulent voter. 25 heard that, and you can do this." [Page 137] [Page 135] 1 And one example that was given was if 1 And that's a pretty risky thing anyway if 2 2 somebody presented their wife's -- to vote with their you look at a lot of the -- you know, persons are 3 wife's card, that even they couldn't be turned down to 3 exposed when they do that, and if they're wrong, to a 4 vote. I don't know if that's true or not, but it kind 4 liability. So I would say that that would be a very --5 5 of registers the fact that how would we expect the poll I don't see that as a -- or I see that as a real issue 6 workers to really know whether John Doe is John Doe and 6 and a problem. 7 whether or not there is fraudulent activity going on 7 And I see that based on my own experience 8 with that 8 of voting of seeing that there would be no way, at least 9 And then we heard -- at least off the 9 no practical way, reasonable way, or a reasonable 10 record -- but I heard of anectodal testimony where 10 expectation that a poll worker or an election judge 11 people would harvest cards -- harvest cards and actually 11 would be able to effectively enforce the voter laws. 12 market them, and that was a concern that I had, but, 12 And the easiest nonintrusive way to do 13 generally, that was a common sense concern that I had. 13 that is just basically to say, "Identify yourself." 14 **Q** Are you also aware that candidates are allowed 14 And it seemed to me that requiring 15 identification to vote was a fairly -- was a fair way to 15 to have poll watchers in the polling place? 16 go about enforcing the requirement that you be 16 17 Q And have you -- as an elected official, have you 17 registered, and that you be the person that's on the ever used poll watchers in a polling place? 18 registration before you're allowed to vote. 18

O (By Mr. Gear:) I believe we've talked about this, so I'm just going to touch on it briefly.

SB 14 was referred to the committee of the whole, correct?

A Yes, sir.

- Q And was that done by special order or resolution?
- A I believe it was done by motion to resolve by the committee as a whole. I don't know if that was a motion in writing or just an oral motion.
 - **Q** Do you recall Resolution 36, by any chance?
- A That may have been the writing or the -- I think you probably have to do that by resolution, now that I think about it.
- Q Do you recall Senator Van de Putte objecting to that resolution?
- A I don't -- I'm sure she did. I don't know. I don't recall. I don't recall the debate, but I know she's -- she was vocal on that issue.
- **Q** And as we have gone through the testimony, Senator Van de Putte, it appears, was consistent in her objection to photo ID legislation, correct?
- A Exactly.
- 24 **Q** And, in fact, it appears that in our discussion 25 of HB 218, SB 362, and now SB 14 that she raised the

[Page 192]

The committee of the whole process did allow us, in 2009, to allow for expert testimony and lay testimony before the entire Senate assembled, as the committee of the whole, to provide a normal legislative analysis, where members hear evidence, they deliberate on the evidence, they individually weigh the evidence, and make their decision, and that --

Q So that --

A That's how the legislative process works. And so I believe that the committee of the whole process actually was a complement to allowing more -- or allowing for a more in-depth deliberation on the issue and allowed all members to input evidence into the record, or to the body, to make compelling arguments for their side, whichever -- whether they were an opponent or a proponent of the legislation.

- O So, specifically, other than the 2006 interim report, were there any reports prepared by the committee of the whole or the State Affairs Committee or -- I'm sorry. That's compound. I will withdraw the question.
 - A Okay.
- Q Other than the 2006 interim report, are you aware of any other reports that were prepared to assist the Senate in identifying whether or not SB 14 would have

[Page 191]

concern that photo ID legislation may have a disenfranchising impact on minority voters, correct?

- A You know. I would let the record characterize her debate or her objection.
 - Q Fair enough.
- A I would refer to that.
- Q And so, thinking about photo ID legislation, in total, again, we didn't speak much about it, but SB 1706, HB 218, HB -- SB 362, and SB 14 -- are you aware of any reports that were prepared to assist the Senate in identifying whether or not photo ID legislation would have an impact on minority voters?
- A Well, I think the interim community report that we did, in 2006, was a pretty fair analysis of the issue, with resources for members to be able to begin their research. It wasn't certainly exhaustive, but I think there was -- an effort was made to provide resources for people to review, and, again, the hearing process that we designed for the committee as a whole.

And, for example, in 218, we were at the end of a legislative session when we heard that House bill, and so there was really little or no time to develop anything, other than what the House had developed, probably, the way the legislative process works.

[Page 193]

MR. GEAR: Strike that. It's getting late.

Q (By Mr. Gear:) Other than the 2006 interim report, are you aware of any other reports that were

prepared to assist senators in understanding the impact of photo ID legislative on minority voters?

A I don't know if we did an interim report in two thousand -- between the -- prior to the 2009 legislation

Q You're not aware of it, as you sit here today?

A I don't remember. That's all I can say on that. But I'm not -- other than the 2006, you know, I don't have a specific memory of any other reports that were generated by the Senate, other than the data analysis and evidence that we received from witnesses testifying for and against the bills in the various committees of the whole hearings or the committee of the whole hearings.

And that's what Senate Bill 14 Presidential election. Texas did not use the voter ID 4 statute; is that correct? 4 does. And it provides processes. If you don't have an 5 5 ID, the State of Texas will give you one for free. Q Yes, because of Texas v. Holder. 6 6 A Right. So, to me, in my legislative and 7 7 O Yes. political judgment, that was an appropriate policy 8 8 decision laid out in Senate Bill 14. But, after that, we've had a primary season, Q Okay. As of June 26th, 2013, Texas has enforced 9 9 and I think a Constitutional amendment election, I 10 10 SB 14; is that correct? 	[Page 282]	[Page 284]
1 2 3 4	 Q Is it your understanding, then, that SB 14 is now being enforced? A Yes. Q Are you aware of what documents you need to 	 whether or not it worked or whether we even had jurisdiction to mandate that. So there was some confusion in my mind about how that would really work. And so that was one of the reason I would have voted

Q Well, let's pull go back to SB 14. Let's do this then. MR. ROSS: We might take a quick break. Q (By Mr. Ross:) So I'll submit that you're required well, let me say: Is it your understanding that you're required to present a birth certificate in order to get an election identification certificate? A (Witness reviewing document.) I'm reading the statute. So it's okay. I may not be able to Q Well, do you know? A It's probably not in the bill. I think there's another there's another statutory reference here that, I think, cross-references it. I don't think it's actually included in the bill. Q Well, do you know whether SB 14 requires the documents needed to show to get an election excuse	against that. Q (By Mr. Ross:) Do you have any concern about in order to get an EIC requiring an underlying document, but not making the underlying document free would prevent voters from obtaining that form of ID? A I heard those concerns in the testimony, and I weighed them. And, in fact, to me, the weight was not sufficient to cause me to have judgment against the bill. Q Do you recall if we move to MR. ROSS: Well, let me take a break here. (Short break taken.) MR. ROSS: So we're back on the record. I think I just have a couple of more questions, and we'll let you-all go. Q (By Mr. Ross:) Thank you, Senator, again, A Sure. Q for taking the time to do this one more time. So you said you were familiar with Texas v. Holder, right; that you had read the opinion? A Yeah, I read it one time.
1 2 3 4	[Page 283] MR. ROSS: Strike that. Q (By Mr. Ross:) Do you know whether SB 14 requires that the underlying documents that one would need to show, in order to get an election identification	[Page 285] 1 you to learn that some voters had to travel between 150 2 or 150 miles round trip in order to obtain an SB 14 ID? 3 A You know, I think there's nothing we can do 4 that's ever perfect. I do think that we've tried to

Do you know whether there were any amendments offered to require that? A Yes. I believe there was. In reviewing the testimony reviewing something that you showed me I	 address that issue. I know I even had legislation in the last session, I think, to work some issues out with Senator Nichols and others to try to make sure that we had more processing and accessibility in the rural areas. I think that Representative King was big on that, as well, up in the Panhandle.
12 13 14 15 16 17 18	think that the other Counsel showed me today I saw an amendment by, I think, Davis that covered that. Q Do you recall how you voted on that amendment? A) I think I recall, from that document, that I voted either to table or in opposition. Q And do you recall why? MR. SWEETEN: Objection; legislative	And so, you know, you can't solve every problem that a piece of legislation presents, but when you're recognizing when you start trying to address them, and I think we have, I don't think that it's you know, in my view, we did work to try to address those issues. Q Do you think it would be burdensome for someone
19 20 21 22 23 24 25	privilege. A) No, I really don't, other than you know, I guess we can reconstruct it the counties, I think, basically, are charged with those vital statistics or the local health departments. I'm not sure exactly how complex that would be, to be able to provide those. So it might be fleshed out to understand	 to have to drive 100 miles in order to get SB 14 required ID. MR. SWEETEN: Objection, foundation; assumes facts not in evidence. You can answer. A You know, I don't want to venture if someone has to drive 100 miles to get an ID, they probably have to drive 100 miles to shop, as well.

[72] (Pages 282 to 285)

[Page 286]	[Page 288]
that it would be burdensome if it's 150 miles. If you live 150 miles if you live in rural remote areas, you're used to driving 150 miles. I grew up in a rural area. So driving 150 in West Texas is not most people don't consider that over the top or a long way. Q (By Mr. Ross:) Well, A I say most people. Those of us out here are used to driving 150 miles. They may not true in New York. That may sound like a long way, but in West Texas, we're you know, we do that, and, you know, you would but, again, we've tried we've made efforts for those of us who live in rural counties. And I've represented rural counties for Say years 20 years in the Legislature, and we've tried to make we always try to address those issues and make sure that we improve them, and I think we have. Q Would it be burdensome, if someone did not have a car, to drive 100 miles in order to get to a DPS office MR. SWEETEN: Same objection. Q (By Mr. Ross:) with SB 14 required ID? MR. I believe you testified to that, is the 13 So if I leave that off, please feel free to correct 13 reason I'm asking. 14 14 A. Yeah. They have the option of changing 15 their name, but that never changes anything on their 15 I'm looking at exhibit -- or what's 16 been marked as 113. It looks like the application 16 birth certificate. 17 for the EIC birth certificate. Did you find that 17 Q. Right. And so it could be, though, a male changes their name as a result of being married. Was 18 one? 18 19 19 that your testimony earlier? A. 11 what? 20 20 Q. 113. 113. A. Yes. 21 A. There we go. Yes. 21 Q. Okay. The form talks about first name, Q. At the top, it says, "Please print and middle name, maiden name for the mother. Do you 22 22 23 23 include valid photo ID." Right? follow that line? 24 A. Yes. 24 A. Yes. 25 Q. And I think you already discussed why that 25 Q. But nothing for the father, for example.

- Q. Are you aware that according to the 2010
- census, the voting age population of your district was
- approximately 70 percent White?
- A. I'm sorry, would you repeat that question?
- Q. Are you aware that according to the 2010
- census, the voting age population of your district was
- approximately 70 percent White?
- A. I'm sorry, I can't verify that because I
- believe it is lower than that.
- Q. When did you first take an interest in Voter ID
- 11 issues?
- 12 A. 2007.
- Q. And was there any particular reason or event
- that prompted you to take interest in those issues?
- A. There was a bill that had been filed in the
- Texas House and it was moving forward and I watched that
- bill as it moved.
- Q. Are you referring to House Bill 218?
- A. Yes.
- Q. Okay. Janice McCoy served as your Chief of
- Staff at that time, correct?
- Q. And how long did she serve as your Chief of
- A. I believe she was employed in 1999, two years

- A. Yes.
- Q. Okay. And do you also sit on the Economic
- Development Committee?
- A. Yes.
- O. How about the Nominations Committee?
- A. Yes.
- Q. And State Affairs?
- A. Yes.
- Q. Okay. While serving as the Chair of the Senate
- Committee on Natural Resources, have you introduced
- legislation that has been referred to that committee? 12
 - A. Yes.
- 13 Q. What are some examples of legislation that you
- have introduced?
- A. That would be an extremely broad question and
- if you held specific issues you'd like to ask me did I
- sponsor it, I'll be glad to respond.
 - Q. But you have introduced legislation?
- 19 A. Yes.
 - Q. Before you introduce legislation, do you
- 21 consider the impact of that legislation or your
- constituents?
- 23 A. Would you please repeat that question?
- Q. As a general matter, before you introduce
- legislation, do you consider the impact of that

22

- after I was elected.
- Q. And when did she leave your employ?
- A. Approximately October 15th of last year.
- Q. And is that when Ms. Mathis became your current
- Chief of Staff?
 - A. Yes.
- Q. While Ms. McCoy was your Chief of Staff, she
- was your primary contact person on voting ID issues; is
- that correct?
 - A. That's correct.
- Q. Did she handle all election-related issues for
- you until the time she left your employment?
- A. Yes.
- Q. And did Ms. Mathis assume those
- responsibilities when Ms. McCoy left your employment?
 - A. That's actually -- it's not a -- would not be
- an accurate question because she is assuming Chief of
- Staff because we are not having legislative activities
- because we're not in session, but she will be assuming those as they begin.
- Q. Got it. Is there anyone else on your staff who
- has worked on voting ID issues?
- A. No.
- Q. Senator, do you still serve as the Chair of the
- Senate Committee on Natural Resources?

- legislation on your constituents?
- A. Yes.
- Q. And do you consider the impact of the
- legislation on Texans outside of your voting district?
- Q. Before you introduce legislation, do you
- consider the impact of that legislation on the Texas
- budget?
- 10 Q. And do you consider how a bill, if enacted into
- 11 law, would be administered?
- 12 A. No.
- 13 Q. And why not?
- A. The legislation -- generally, a bill that is
- filed is the starting point of legislation, and it is
- likely to be changed many times either in the Senate or
- when it's sent to the House. So assuming how it would
- be enacted and administered is getting way ahead of
- where you are at the process, where the job is to lay
- out a concept, allow public input and then determine at
- that point how that bill should be adjusted in order to
- be good public policy.
- 23 Q. Okay. You mentioned House Bill 218 earlier, so
- 24 we're going to take look at that, if I could --

```
O. (By Ms. Faransso) Senator, you've just been
                                                                    for counsel?
   handed what has been marked as Exhibit 4. Do you
                                                                            MS. WESTFALL: Thank you. Yes.
   recognize this document?
                                                                       O. (By Ms. Faransso) So, I believe the question
      A. No.
                                                                    pending was why did you decide to sponsor HB 218?
      Q. I can represent to you that this is House Bill
                                                                            MS. HALPERN: Do we have an agreement that

                                                                    the entire transcript is going to be under seal? We had
   House on April 24, 2007. Does it look familiar to you?
                                                                    this discussion last time.
      A. You can represent that but there's no marking
                                                                            MS. WESTFALL: I don't think we have an
   on the bill to show that this is engrossed by the House
                                                                    agreement that the entire transcript will be under seal.

      A. That is correct.
                                                                    believe that those portions of the transcript should not

Q. Why did you decide to sponsor this bill?

MS. HALPERN: For the record, I'm going
the to object on the grounds of legislative
privilege. And I'm -- we're going to do in this
deposition what we have done in the others, which is
that based on the court's ruling and our understanding

position on that.

MS. HALPERN: And we don't actually have a

be able to file those publicly with the court and not

of the court's ruling, the witness is going to be
allowed to answer the question under seal. Doing so
does not constitute a waiver of the legislative
privilege. And that battle will be fought I gather at a
later time in your litigation. But we will be asserting
the legislative privilege from time to time. When he
goes ahead and answers your question, if appropriate,
we'd ask that that portion be under seal, which may
dictate then that the entire transcript needs to be put
under seal. And we've had that discussion with this
reporter in the past as well and that's probably
something that needs to be hashed out on the record
right now.

I won't go through this lengthy an

I won't go through this lengthy an

objection every time. I will simply object on the

grounds of legislative privilege. I want a continuing

and running objection, and I want it understood that

every time that we object on the grounds of legislative

privilege, rather than directing him not to answer, he

will answer with the understanding that that portion of

the transcript, whatever else happens to the rest of the

transcript, will be under seal, and you will be put to

whatever burdens the court deems appropriate in order to

use that testimony.

25

MS. FARANSSO: Understood. Does that work

You will have to speak for yourself, Mr. Reporter, before you get put in the bind you were in before. Be your own advocate, sir. THE COURT REPORTER: Well, the only way I can -- the only way I can do a transcript in a one-day turnaround is to mark the entire transcript as highly confidential and not for me to be making decisions as to what is and what is not confidential. MS. WESTFALL: We can certainly agree to -- for purposes of just the transcript, that the counsel could agree that it's not going to be all designated as confidental and the counsel can at a later date make 13 that determination if there are disputes. 14 MS. HALPERN: If that's the way we're going to operate, then I would ask that you make at

MS. HALPERN: If that's the way we're
going to operate, then I would ask that you make at
least an attempt to call out on the record whether we
are on -- or whether we are under seal or not under
seal, because otherwise, I am leaving a problem for my
colleagues who represent the defendants in this case to
debate with you what is on -- what is under seal and
what isn't, and that is not a fight you want to have any
time close to trial, so.

MS. WESTFALL: Certainly. I'm going to -
it's been my practice in deposition to -- when I'm using

highly confidential documents, to make that announcement

same here in this case.
 MS. HALPERN: Okay.

THE COURT REPORTER: Can we go off the

5 record for a second?

(Brief discussion off the record for

clarification that the reporter is to mark entire

transcript as "Highly Confidential" and counsel will

later agree on which portions to de-designate.)

⁰ Q. (By Ms. Faransso) So, I think maybe the third

time's a charm. Why did you sponsor HB 218?

A. I want it clear that I am asserting legislative

privilege in answering this question. Under privilege,

it is under understood that my answer that I'm giving is
disclosing thoughts about legislation and that I would

ask that that answer be considered as sealed --

Q. Thank you, Senator.

A. -- and I will answer your question.

Q. Okay.

A. The legislation that was sent -- passed in the

House, which was 218, had followed the legislation. I

had conversations with Betty Brown, that was the sponsor

of the bill, realizing she was carrying it, and once it

passed the House, it was referred to the -- referred to

Committee and I picked the bill up as the sponsor and

31

A. That would be a privileged question because

² you're asking about my thoughts on that, and my answer

3 is, I did read the bill and was aware of what was in the

Q. Did you think that anything in the bill needed to be changed?

MS. HALPERN: Privilege objection.

A. I've answered the -- I've answered the

 $^{9}\;\;$ question, is that I read the bill and was aware of what

was in the bill and was prepared to move forward and

listen to the testimony in the Senate and then determine
 what direction we should go.

Q. (By Ms. Faransso) Okay. Thank you. What

eventually happened to HB 218 in the Senate?

A. Senate bill 218 passed the Committee, was

referred to the full Senate, the bill was sent to the

Lieutenant Governor, it was placed in the regular order

of business. And I'm sorry, I do not have the date when

19 I was recognized, but I was recognized for a motion to

suspend the regular order of business to take up and

consider House Bill 218. That motion failed and the

regular order of business was not suspended.

Q. So HB 218 did not pass the Senate then; is that

correct?

A. Senate Bill 218 was never brought before the

30

had hearings in Committee on the bill, and then it was

passed out of Committee and moved forward to the Floor.

Q. Uh-huh. Did Skipper Wallace ask you to be the

Senate sponsor of the bill?

A. I don't remember whether Skipper Wallace, at

this time, asked me to carry this -- on that particular

question you're asking about -- so I guess my answer is,

on this particular 218, I don't remember if he asked me

⁹ to, if we had communication.

Q. Okay. And just for the record, who is Skipper

Wallace?

A. Skipper Wallace is one of my constituents. He

is a County Chairman of Lampasas, which as mid-sized

4 county, and he has served as Chairman of the County

15 Association. He's a constituent.

Q. And is he -- have you communicated with

Mr. Wallace about Voter ID issues in the past?

A. Because this bill has been seen -- heard three different sessions, the answer is yes, because he had an interest in election issues.

Q. Okay. Did you read House Bill 218 before youdecided to sponsor it?

23 A. Yes.

Q. And do you recall thinking that any parts of

25 that bill needed to be changed?

Texas Senate. The motion to suspend failed.

Q. Understood. And so no Voter ID bill was

³ enacted in 2007?

A. House Bill 218 passed the Texas House, it

passed a Committee in the Senate, it was brought to the

⁶ Floor and the bill was failed to suspend in order to

bring before the Texas Senate.

Q. Right. And so that means that no Voter ID bill

passed into legislation in Texas in 2007; is that right?

A. House Bill 218 passed the Texas House. 218 was

referred to the Senate. 218 passed the Senate

¹² Committee. 218 was referred to the Floor. I was

recognized on a motion to suspend the regular order of
 business in order to take up and consider 218. I made

that motion and that motion failed to pass.

Q. Thank you for your testimony. Did any Voter ID

bill become law in Texas in 2007?

A. No Voter ID was signed into law by the

Governor.

Q. Okay. I'd like to just ask a few questions

²¹ about HB 218 itself. If you could turn to Page 9 of the

exhibit. And there is a list of permissible forms of ID

there that continues onto Page 10, if you'd like to take

²⁴ a moment to review that list.

And in the interest of time, I will

- and interpret it broadly to encompass anything that you
- would consider to be analysis, such as studies and
- research on a bill. And if you'd like to me clarify
- further with respect to specific questions, please let me know and I will try to do that.
 - A. And my answer to this is that --

MS. HALPERN: There's no question.

A. Oh, there's --

16

17

10 MS. HALPERN: No. She's got to ask you a 11 question.

12 Q. (By Ms. Faransso) So I will just ask again if 13 you were aware of any analysis that was done as the bill moved along in the Senate regarding its impact on voters 15

MS. HALPERN: Same objection.

You can answer if you can.

18 A. And I will answer that the word of "analysis," you're being vague and it could be very broad. And that in an analysis of the bill, I consider the process of both reading the bill, taking testimony, and hearing input from the public and other legislators as analysis,

so my answer would be yes, we conduct analysis but it is

in the form I just described.

Q. (By Ms. Faransso) Do you recall any particular

A. We understood very clearly that under current

Texas law, we did not possess the tools to determine

that a person was who they said they were when they reported to come to the ballot box.

Q. And so HB 218 intended to deter fraud at the ballot box then?

A. House Bill 218 was a first step moving toward trying to protect the integrity of the ballot box.

Q. And was that specifically with respect to in-person fraud at the ballot box?

A. The only issue that House Bill 218 attempted to address was in-person voting.

Q. Understood. You mentioned that you did not

believe that Texas had the tools to protect the ballot box at that time. At that time in the state of Texas.

voter fraud was subject to criminal penalties; is that

17 right?

18

A. Yes. Q. And what was your factual basis for believing that those penalties were not sufficient to deter fraud

at the ballot box?

A. Because of testimony we had on the bill and

input from both the public election officials and other

State officials, we realized that we did not have

current tools available in order to stop someone that

- analysis and can you give me examples of the analysis
- that was done with respect to this bill?
- A. I believe I've of just answered that question,
- is that when the bill was filed, we took testimony, and
- we had a lot of testimony from both sides on the bill
- and that served as an analysis and input on the
- bill. And had 218 come before the Texas Senate, I
- believe I would have had input from both the opponents,
- you know, the opponents and also the people that were in
- favor of the bill, we would have had additional input.
- Q. Understood. Did any of that testimony that you mentioned pertain to how many Texas voters possessed the
- forms of ID in HB 218?
 - A. Once again, I'll make you aware of the fact
- that that was seven years ago. But to my knowledge,
- there was just questions of projecting possibly what
- would have been, but Texas had no ability to project
- because those records were not kept.
- 19 Q. Senator, what was the purpose of HB 218?
- A. Now you're asking --21
 - MS. HALPERN: No, you can answer that one.
- 22 A. The purpose of 218 was to protect the integrity of the ballot box.
- 24 Q. (By Ms. Faransso) And was the integrity -- was 25 the ballot box lacking in integrity at that time?

- was voting illegally.
 - Q. And what was your factual -- what was the
- factual basis for your belief that in-person voter fraud
- was occurring in Texas?
- A. Texas at the time before the passage of our
- **Voter ID bill, did not have sufficient tools to identify**
- when a person was voting illegally.
- Q. So then did you have any actual evidence of
- voter fraud having taken place at the polls?
- A. Before the passage of these bills, Texas did not have current -- or tools available to identify when
- a person was voting illegally.
- Q. So your testimony is that there did not exist
- any evidence of fraud having taken place at the polls? 15
 - MS. HALPERN: Objection, misstatements his
- testimony.
- A. You're trying to answer for me and my answer continues to be, Texas does not -- did not -- prior to
- passage of the photo ID bill, did not have tools
- available to identify when someone was voting illegally.
- Q. (By Ms. Faransso) Do you recall having heard of any specific incidents of fraud at that time?
 - A. Yes.
- Can you tell me what those specific incidents Q.

22

23

24

And this answer should be sealed.

Q. (By Ms. Faransso) At the time that HB 218 was

being considered, did you believe that HB 218 as drafted

- about this paragraph. First of all, do you recall
- having read or reviewed this paragraph in the past?
- A. I recognize these as issues that I have seen in the past, yes.
- Q. Okay. And as we discussed earlier, Senate Bill
- 362 was intended to deter in-person voter fraud,
- - A. Yes.
- 11 Q. The first example in this paragraph, the
- Beeville woman who was convicted for voting for her dead
- mother, that was a case of mail-in voter fraud; is that
- 14 correct?

15

16

- A. I'm sorry?
- Q. That was a correct -- that was an incident of
- mail-in ballot fraud; is that correct?
- A. I have no -- no way to know that. If you have
- information, something you'd like me to look at, I'd be
- glad to look at it, but I don't.
- 21 Q. In the second example, the Corpus Christi
- suspect who was charged with a felony for stepping in front of an elderly couple, that case did not involve an
- attempt at voter impersonation, did it?
 - A. Once again, you're answering the question for

54

- still not seeing it.
- Q. It is on the second page in the third full
- paragraph.
 - A. I see that.
- Q. Do you know who would have drafted this
- document for you?
- A. Most of my press at this time was drafted by my
- chief of staff, Janice McCoy.
- Q. Would you have reviewed what she drafted and
- put your name on as the author?
- 12 Q. I just want to ask you a few questions about
- the document. And I realize that you may not remember
- it, but if you do recall it, please let me know. And
- otherwise, I'll just ask you if you agree with the statements, and we can move on. If you look at the
- second paragraph on the first page, and I will read you
- the paragraph. "But unfortunately, someone undermined
- our fundamental rights. Consider, for example, the
- Beeville woman who was convicted of voting for her dead
- mother, and the Corpus Christi suspect who was charged
- with the felony for stepping in front of an elderly
- 23 couple who she claimed to be helping at the polls and
- illegally casting their ballots, or the former city
- council woman who was sentenced to five years in prison

- me. I have no reason -- no way of knowing.
- Q. Well, Senator, if you just look at the actual
- words themselves, "the suspect stepped in front of an
- elderly couple," that would not be a case of voter
- impersonation, would it?
- A. Once again, if you have something you'd like to show me to have me verify. The words say that they
- illegally cast their ballot.
- Q. On the third example, the former city council
- woman who was sentenced to five years in prison after 11
- illegally registering noncitizens to vote, that involved
- a case of voter registration fraud, not in-person voter
- fraud; is that right?
- A. The sentence obviously says she was convicted
- of registering, but if someone is registering, it was
- implied that they planned to vote.
- Q. But this particular case was about voter registration fraud; is that right?
- A. If you would like to -- to show me something
- that that is the case, the only thing I see is the words on the paper that says that they were convicted of that.
- Q. Do you recall any factual basis beyond these
- three examples demonstrating that voter fraud, in-person
- 24 voter fraud existed in Texas at that time?

                                                                    court reporter.)
   thoughts into one. The question I believe you're
                                                                      A. Okay. I'm asking you a time line. When you're
   answering is about someone being cast away from the
                                                                    saying Committee of the Whole, when are you suggesting
   ballot box. And in every bill, I believe, from 218, 362
                                                                    that I made this testimony?
   and 14, we had the ability to cast a provisional ballot
                                                                      Q. I'm suggesting the Committee of the Whole
   to -- if there was a contradiction about that, they
                                                                   debate that took place in March of 2009, specifically
   would be allowed to cast a provisional. And there was a
                                                                   March 10th, 2009. I can show you the testimony if that
                                                                    would help.
   methodology for making that ballot be a permanent vote.
                                                                11
                                                                      A. I would like that, yes.
   So the answer to your question is -- and I say, "and
                                                                12

                                                                      A. And I'm sorry, I'm trying to remember the --

     A. I'm sorry, you're going to have to ask that
                                                                     A. No.

of the Whole that took place on March 10, 2009. And if

you turn to page 115, which is just a couple of pages

in, the page number on the upper right. And I believe

it's a discussion between you and Senator Zaffirini.

17 (Pages 65 to 68)

65

Did I pronounce that correctly?

A. Zaffirini is correct.

Q. Okay. And Senator Zaffirini is asking you

⁴ about the fact that student IDs are not included in the

2009 bill, in Senate Bill 62. And at the bottom of that

page, you respond, "Just a second, the reference you're

making is the public institutions of higher learning.

The student ID card is still included. The wording

changed, but it's covered by Number 6A." And if you go

to 6A, back in your version of Senate Bill 362, it

reads, "A valid identification card that contains the

person's photograph and is issued by an agency or

institution of the federal government or an agency,

institution or political subdivision of this state."

Did you agree at the time that this language in 6A

permitted the use of student identification cards as an

acceptable form of identification for verifying one's

identity at the ballot box?

A. I agreed that the words say that a valid

identification card that contains a person's photograph

and is issued by an agency or institution of the federal

government or an agency, institution of a political

subdivision of the state.

Q. Do you agree that those words encompass student

identification issued by a public university in Texas?

Q. Sure. I was reading at Line 25 of page 115.

A. Okay. One second, 115, line 25. So you're

saying that, okay.

Q. Senator Zaffirini says to you --

MS. HALPERN: Counsel, maybe it would be

better if you just let him read it himself and then ask

the question.

9

MS. FARANSSO: Okay, sure.

MS. HALPERN: The pages aren't

consecutive, so when you turn the page, you're already someplace else.

12 Q. (By Ms. Faransso) Senator, you only need to

read through page 116.

A. Okay.

Q. So did you respond yes to Senator Zaffirini's

question of whether Paragraph 6A of Senate Bill 362

17 would include student identification from a public

18 university?

A. It appears that I did answer yes at Line 19.

Q. Thank you. Are you familiar with the Supreme

Court's decision in Crawford versus Marion County

election board?

A. Could you clarify a little. The answer, I

believe I am, but you -- is this the Supreme Court

decision of what state?

66

A. I can't agree to that because I'm -- I'm not

Q. I can refresh your recollection if you don't

mind turning back to the transcript.

sure of the interpretation.

A. Okav.

O. And following the testimony -- the testimony

that I just read, Senator Zaffirini responded, "So

you're saying that, on Page 6, beginning at Line 8,

where it reads a valid identification card that contains

the person's photograph and is issued by, (a), an agency

or institution of the federal government, or (b), an

agency, institution or political subdivision of this

state, you're saying that would include institutions of

higher education, and that, therefore, student

identification cards would be acceptable proof of

identification?"

17

19

23

A. I'm sorry, I'm going to have to interrupt you.

18 You're going so fast, I can't --

Q. Okay.

A. -- follow what you're saying. If you want to start all over and explain where -- point out the line

Q. Certainly.

A. I'm -- I have a lot of trouble following your

voice when you speak so fast.

that you're -- you're addressing.

Q. The Indiana photo ID law.

A. Okay. The answer is "yes."

O. Okay. Do you recall when that decision was

issued?

A. I do not have the specific date, but I believe

it was prior to us laying out the bill in 2007. My

recollection is 2005.

Q. So I'll actually submit to you that it was

issued in April 2008, which would have been after HB 218

10 was laid out.

11

12 Q. But that would have been before Senate Bill 362

was laid out, correct?

A. Yes.

15 Q. Did you read that decision at any time prior to

introducing Senate Bill 362?

A. Yes.

18 Q. And did you discuss that decision with anybody? 19

MS. HALPERN: Yes or no.

20

21 Q. (By Ms. Faransso) With whom did you discuss

22 that decision?

23 MS. HALPERN: Objection on the grounds of legislative privilege.

A. Once again, if it was in 2008, we're talking

- ³ Janice Steffes.
 - Q. (By Ms. Faransso) I'm sorry?
- A. With Janice -- Janice McCoy. I'm sorry, that was her maiden name. Janice McCoy.
- Q. Do you recall anything about the Indiana voter B ID law itself?
- A. It's a very broad question. Would you like to clarify what you're asking?
- Q. Do you recall that that voter ID law did not permit nonphoto ID?
- A. I do not recall that now.
- Q. Did the Crawford decision have any impact in
 your development of Senate Bill 362?
 - A. No.

17

1

14

25

- Q. And why not?
- ¹⁸ MS. HALPERN: Objection, legislative ¹⁹ privilege.
- A. I've stated before that 362 was almost exactly like the 218 that we brought forward, and we decided that was a good starting point for discussion.
- Q. (By Ms. Faransso) Before filing Senate Bill
 362, did you analyze or direct anyone to analyze the
- impact of that bill on your constituents?

Q. And so I take it you're familiar with the

- ² preclearance standard under Section 5 of the Voting
- 3 Rights Act?
 - A. Yes.
- Q. You wanted to ensure that Texas would be able
- ⁶ to enforce Senate Bill 362 if, in fact, it was passed,
- 7 correct?
- A. Yes.
- ⁹ Q. Did you anticipate that Texas was going to need
- to provide either the Department of Justice or a federal
- court with information about the effect of Senate Bill
 362 on minority voters in Texas?
- A. Would you rephrase that again? You're asking, was I aware that I would be able to have to?
- MS. FARANSSO: Could you please read the question back?
- (Requested portion was read back by the
- court reporter.)
 A. I was aware that all the testimony we had had
- on the bill would be moved forward to the Department of
 Justice, but until the bill was either precleared or
- 22 allowed to move forward, we would not have the election
- 23 information.
- Q. (By Ms. Faransso) In considering Senate Bill
- 362, did you research who might not have the documents

70

- MS. HALPERN: Objection, vague.
- A. And I'm going to ask you to answer -- ask the question again.
- MS. FARANSSO: Can you read it back?
 (Requested portion was read back by the

court reporter.)

- A. Once again, you're using the word "analyze" in
 a very broad sense. And the answer is yes, we
 constantly analyzed the bill and the impact on my
 constituents.
- Q. (By Ms. Faransso) Can you tell me what kind of analysis you did to research the impact of the bill on your constituents?
 - A. As I answered, we constantly analyzed the issue to analyze the impact on the -- the constituents.
- Q. In analyzing the issue, did you specifically look at the impact of the bill on minority voters in your district?
- A. Again, the process in Texas, we file
 legislation, you have testimony by the public and other
 legislators, and through that testimony, it allows you a
 clear analyzation of the impact.
- Q. You served on the State Affairs Committee, correct?
 - A. Yes.

necessary to vote under Senate Bill 362?

- A. Once again, you're asking for research on the
- bill, and I've told you that we do not have the budget
- to do the research -- you know, research and we're --
- research -- the way we do our research in Texas is
- through the testimony that is given on the bill. And
- through the testimony on the bill, that information was discussed.
 - Q. Do you recall specifically the testimony about
- how many voters would not have the documents necessary
- to vote under Senate Bill 362?
- A. The -- most of the documentation we received
- was actual elections from other states and the number of
- people that would have like documentation, and that
- testimony we had showed us that they were very, very few
- people that would not have sufficient documentation.
- Q. And that testimony you mentioned was about
- other states. Do you recall specifically what states
- those studies were about?
- A. The -- the two studies we had actual results
- from was Indiana and Georgia.
- Q. Did you know the racial demographics of Indiana
- ²³ and Georgia at the time you were considering Senate Bill
- ²⁴ 362?
- 25 A. Yes.

Democrats and for White and non-White. And there is

also a racial breakup on that and both African American

and Hispanics said affirmatively that they believed that

someone should show positive identification at the poll.

- Q. And what were those demographics?
- A. Again, you're asking me to recall data that
- happened seven years ago. That -- but my recollection
- is that Indiana probably doesn't have as high a makeup
- of minority, but the Georgia was very close to the
- racial makeup of Texas.
 - Q. Was the population of Hispanic voters in
- ⁸ Georgia close to the population of Hispanic voters in
- A. I remind you of your definition that when we
- started this, that you said minority voters will be
- considered any non-White, and the non-White makeup in
- Georgia and the non-White makeup in Texas were
- substantially the same.
- Q. That's correct, but for this particular
- question, I'm just asking about Hispanic voters. Was
- the population of Hispanic voters in Georgia as high as
- the population of Hispanic voters in Texas?
 - A. The data that -- that we were given didn't
- break out the difference between Hispanic or what
- minorities would be included in Hispanic, so I don't
- have that information.
 - Q. Okay. Senator, do you recall during the
- Committee of the Whole debate on March 10th, stating
- that you had done more research and more reading and
- specific forms of identification and asked whether the
- ² responders to the poll would support a Voter ID bill
- that included those specific forms of identification?
- A. To my knowledge, those questions were not
- asked, because at that time, the bill was still in a
- maturing process and that I think the question they asked was should someone have to prove they are who they
- say they are when they go to vote.
- Q. Do you know whether the poll also asked whether
- voters would support a Voter ID bill that had the effect
- of disproportionately impacting a portion of the
- population?
- A. To my knowledge, that question was not asked.
- Q. Do you agree that the responses to a poll
- depend on the particular questions that are asked?
 - A. I believe when you have a poll, whatever
- 17 question is asked is what people will respond to.
- Q. You also mentioned that you looked at studies
- from I believe it was the Heritage Foundation and the
- University of Missouri. Do you recall what those
- studies pertained to?
- A. The same issue, they asked if someone should
- have showed positive identification before voting.
- 24 Q. And what population were they asking that question of?

- before?
- A. Yes.
- Q. When did you conduct most of your research on
- - A. The bulk of the research was done, obviously,
- after the filing of 218, starting there, and then
- leading up all the way to the laying out of 362.
- Q. And how much time did you spend on that research?
- A. More time than I've ever spent on any other
- Q. Can you tell me about the sources you consulted in doing that research?
- MS. HALPERN: Objection, legislative
- privilege. You can answer.
- A. The starting point was the Baker Carter report,
- was obviously the start. But I spent a lot of time
- Googling the issue, and in Googling that we found
- multiple studies that had been done, one by the
- University of Missouri, was one by the Heritage
- Foundation. There were polls that had been taken. One
- of the polls that I had a lot of credence in was an
- independent poll done by the University of Texas that
- showed that if you asked someone whether they were in

bill prior to this.
```

Q. And with whom did you have those conversations? MS. HALPERN: Objection, legislative privilege.

A. The senators have a lot of conversation with each other because we're friends and we travel together. A conversation I remember is with John Whitmire, which is the senior Democrat member.

13 Q. (By Ms. Faransso) Do you recall the nature of that conversation?

A. I believe he asked me if I was going to file Voter ID again.

Q. Okay. Do you recall any other conversations with senators who had opposed Voter ID legislation in the past after you filed Senate Bill 362?

MS. HALPERN: Objection, legislative 21 privilege.

22 A. If you're asking if I had a conversation after the filing, the answer would be yes, because that would extend up to the period of the discussion of the bill.

And the members of the Texas Senate, we visit with each

Q. (By Ms. Faransso) Okay. And Senator, I'm not going to ask you to review the entire document. It's actually just an excerpt. But just looking at the cover

14 A. It appears to be at least a cover of the Senate 15 Rules that were adopted on January 14, 2009.

Q. And does the Senate adopt a new set of rules each legislative session?

A. Every regular session and every special session.

20 Q. Thank you. If you could turn to page 24, just 21 a few pages in, because as I mentioned, this is an

excerpt. And looking at page 24, are you familiar with

MS. HALPERN: Objection, no foundation. MS. FARANSSO: I'll rephrase. I'm sorry.

10 Q. (By Ms. Faransso) Did you take any steps to 11 respond to concerns raised by bill opponents generally at any point in the process?

A. Well, the answer would have to be yes, because the bill that came from the House in 2007, I wasn't comfortable with what was in the bill, and I thought it was a good starting point. But I did address the concern of members, because we used that as a starting point for 362.

Q. I'd like to talk a little bit about the Senate's consideration of Senate Bill 362.

(Exhibit 8 marked for identification.)

Q. (By Ms. Faransso) You've just been handed what's been marked as Exhibit 8. And Senator --

A. Hold on a minute.

O. Oh, sure.

A. Special order, as you can see would be, "order should be considered at the time for which it's set and considered and the date disposed of and unless the time is fixed as pending," and if you'd like me to read the

whole thing, "a special order would set a special order of business."

Q. Okay. Is the purpose of Rule 5.11 that a two-thirds' vote is required in order to move a bill out of the regular order of business on the Senate calendar?

MS. HALPERN: Objection, calls for 11 speculation. You can ask for his interpretation.

A. You're -- you're actually asking duplicate

to suspend the regular order of business. To suspend a rule is a two-thirds' vote. If you choose to make that

motion, then you ask to suspend the regular order of

business. Then once that -- if you're successful in

doing that, your bill jumps over the other bills above it and can be held -- heard.

Q. (By Ms. Faransso) Thank you. So is it fair to

say that without a two-thirds' vote, a bill must be

considered in the regular order of business?

A. Unless you -- no, that is not correct. A bill

per the rules of the Senate has to be heard in the

regular order of business.

Q. And what is the purpose of that procedural

framework?

MS. HALPERN: Objection, calls for

speculation.

A. The purpose of the special -- the vote to

suspend the regular order of business is that I want my

bill to be heard before the bills in front of it.

Q. (By Ms. Faransso) That makes sense. If you could please look at Subsection D of Rule 5.11? What is

the effect of Subsection D?

15 A. "Notwithstanding Subsection A of this bill, the bill or resolution relating to voter identification

requirements reported favorably from the Committee of

the Whole may be set as a special order for a time at least 24 hours when the motion is adopted by a majority

of the members of the Senate." 21

Q. Thank you. Who introduced the resolution to add Subsection D to Rule 5.11?

A. You're asking me to speculate on who inserted that, and I can't speculate other than I didn't -- I was

not involved.

Senate. It is not unusual for a special order to be put

in the rules. Actually, between 1972 and 1979, during

the 20 -- obviously, it was a 20-year period, I believe

it took 15 or 16 of those years at special sessions that a special order is put in place by the Democratic

Lieutenant Governor, so it is not unusual that you have

special orders to be put in -- in the rules.

Q. (By Ms. Faransso) And when you say it's not unusual, you mean that there would be a paragraph

similar to this?

A. Exactly identical to this but it would be addressing specific issues, and they would have a special order for a bill to be heard per the same wording, this D, 24 hours after the motion is adopted by

a majority of the Texas Senate.

Q. Thank you. Senator, do you believe that Senate Bill 362 would have passed the Senate if it were not for Rule 511D?

MS. HALPERN: Objection, calls for speculation.

21 A. And I may need that question asked again, 22 please.

23 Q. (By Ms. Faransso) Do you --24 MS. FARANSSO: Can you, actually, read it

back, please?

86

Q. And just to be clear for the record, I'm not asking you to speculate. I'm simply asking if you were aware. And that goes for all my questions.

A. Wait, was I aware of what?

Q. Are you aware of who introduced the resolution to add Subsection D to Rule 5.11?

A. No.

Q. Okay. Thank you. Was it your idea to

introduce this rule?

A. No.

11 Q. What was the purpose of providing that Voter ID legislation could be treated as a special order under 13 this rule? 14

MS. HALPERN: Objection, vague.

A. Would you like for me to read D to you again, because the words speak for themselves?

17 Q. (By Ms. Faransso) I'm simply asking for you to 18 tell me what you think the purpose was, if you know.

MS. HALPERN: That's a different question, and I'm going to object to that one on legislative privilege, and then you can answer it, what you think the purpose was.

A. Well, the words speak for themselves is that this would be a special order and could be adopted at least 24 hours after a motion by majority of the Texas (Requested portion was read back by the

court reporter.) A. There's no way for me to project what the people would have voted for or against.

Q. (By Ms. Faransso) That's fair. You mentioned,

I believe, that it is not unusual for legislation to be

treated as a special order. Is that true for regular

sessions of the Senate or special sessions?

A. Yes, it is true for both.

10 Q. For both. And how many special orders have

been set by Republican Senators?

12 MS. HALPERN: Objection, assumes facts not

in evidence. A. And you're asking an extremely broad question

and assuming that I know everything from the history of Texas all the way back to 1845 when we became a state.

But the current history of since I've been there in the

Legislature and the research I've done, I did go back as

far as 1972, and every special order that was put in

place prior to probably 1999 was placed in special order

by a Democrat Legislature or Senate or a Democrat

Lieutenant Governor. So asking a question of what's

Republican or Democrat, very, very, very few have been

placed by Republicans, because we didn't have Republican

control until 1997.

Q. Does referral of a bill to the Committee of the Whole expedite the consideration of that bill?

A. No.

10 MS. HALPERN: I'm sorry, what was the 11 answer?

A. No. The bill would still be heard in the regular order of business. If you're going to change the regular order of business, you know, it would be a vote unless there was a special order on the bill.

16 Q. (By Ms. Faransso) Unless there was a special 17 order on the bill.

(Exhibit 9 marked for identification.)

19 Q. (By Ms. Faransso) Senator, you've been handed what has been marked as Exhibit 9. Right there. And it's an e-mail from Bryan Hebert to your chief of staff, Janice McCoy, dated March 4, 2009.

23 MS. FARANSSO: And I will note for the 24 record that this is highly confidential.

MS. HALPERN: Which means any questions

Q. Did you agree with the statement?

A. I've never seen that -- that before, so.

Q. Do you recall hearing this argument? MS. HALPERN: Objection, vague, no

foundation.

A. Could you be clearer of who I would have heard

it from? 10 Q. (By Ms. Faransso) Do you recall during the

consideration of Senate Bill 362 the argument that that bill was left restrictive than the Indiana and Georgia

Voter ID laws, and thus, had a less of a chance of it

disenfranchising elderly, poor or minority voters? 15

A. No.

16 Q. Did Janice McCoy ever mention this argument to 17 you?

18

21

19 MS. HALPERN: Objection, legislative privilege. You can answer.

A. No.

22 Q. (By Ms. Faransso) Sitting here today, would

you agree with the statement?

A. You're asking me to agree to a statement made by someone else, and you would have to ask them.

- Q. I'm just asking if you agree with the
- ² statement.
 - A. I don't have enough information to make a determination.
 - Q. Could you please read point 5 for me?
- A. "Increases chances of federal preclearance,
- $^{\scriptscriptstyle 7}~$ because many forms of ID are acceptable and provisional
- ballots and procedures are less burdensome."
- ⁹ Q. Do you recall hearing the argument during the
- oconsideration of Senate Bill 362 that there was an
- increased chance of federal preclearance because many
- $^{\rm 12}$ $\,$ forms of ID were acceptable and the provisional ballot
- procedure was less burdensome?
 - A. No.

14

21

- Q. Do you recall Janice McCoy mentioning this argument to you?
- 7 A. No.
- Q. You can put that document away. Just a few
- ¹⁹ more questions on Senate Bill 362, Senator, and then
- ²⁰ maybe it would be a good time for a break.
 - (Exhibit 10 marked for identification.)
- Q. (By Ms. Faransso) The court reporter has
- handed you what has been marked as Exhibit 10. Do you

 - A. Appears to be a -- from the Senate Journal,

- Q. And could you please read Paragraph 8?
- A. "Of all the opportunities members of the Senate
- 5 have to vote on voter identification legislation or
- ⁶ Senate process regarding voter identification
- ⁷ legislation, no senator who is an ethnic minority has
- 8 voted in favor of such legislation or the process
- ⁹ related to such legislation."
- Q. Is it fair to say that this statement from
- Senator West reflects that all eight senators who are
- ethnic minorities at that time voted against Senate Bill
- ¹³ 362?
- ¹⁴ A. No.
- Q. Why is that not a fair statement?
- A. I don't believe Senator Watson is an ethnic minority.
- O. Senator --
- ¹⁹ A. I believe Senator Whitmire is an ethnic
- o minority.
- Q. I might actually point out, if I'm not
- mistaken, if I'm counting correctly, that the names
- listed there are ten names, but the statement actually
- ²⁴ refers to eight Senators.
 - A. Once again, I don't see eight ethnic minorities

- Wednesday, March 18, 2009.
- MS. HALPERN: Let the record reflect this is an excerpt.
 - MS. FARANSSO: That's correct.
- Q. (By Ms. Faransso) This is an excerpted copy of
- ⁶ the Senate Journal. If you could turn to page 591, and
- ⁷ again, it's not too many pages in because this is an
- ⁸ excerpt. Do you see the statement, "Submitted by
- ⁹ Senator West" halfway down the page?
 - A. Yes.
- Q. Do you recall this statement?
- ² A. No

10

17

- Q. Could you please read the first paragraph of the statement?
- A. "Senator West submitted the following
 statement."
 - Q. Can you please read the second paragraph?
 - A. "We offered the following statements with respect to our votes in Senate Bill 362 and ask that they be spread upon the Journal of the Senate."
- Q. Thank you. If you could turn to the next page, the statement continues on to that page. Could you please read Paragraph 6?
- A. "On March 18, the Senate took up Senate Bill
 362 on third reading. The vote on the legislation was

- within that group.
- Q. Were you aware that senators who were ethnic
- minorities were opposed to Senate Bill 362?
- 4 A. There were ethnic minorities that opposed my
- ⁵ bill.
- Q. Do you know why they opposed your bill?
- A. I believe you would have to ask them.
- Q. Do you recall any of their specific objections
- A. There in the testimony and the questioning on
- the Floor that went for 27 hours, yes, there were objections raised.
- Q. Did you have any concerns that those objections
- would create any barriers to preclearance of the bill
- under Section 5 of the Voting Rights Act?
- A. I believe that the bill that we were attempting
 to pass would pass preclearance.
- ⁸ Q. Why do you think there was such strong
- opposition by these senators to your bill?
- A. I have no idea, because I do not believe that their constituents had said affirmatively that they were
- in favor of photo identification and is one of the
- questions I asked them is how could you possibly be
- ²⁴ against this bill. I did not understand why any of
- these people opposed the bill.

7/23/2014

99

25 (Pages 97 to 100)

97

- Q. And if you could just clarify what you said.
- ² You said that their constituents were in support of the
- 3 bill?
- A. The polling had showed in every instance that
- over 50 percent of Republicans, Democrats, African
- ⁶ Americans, Hispanics, were over 50 percent were in favor
- of this. That would imply that their districts, their
- constituents were in favor of it.
- ⁹ Q. Is that the polling that we discussed a little
- bit earlier this morning?
- ¹ A. Yes.
- Q. And again, that polling did not ask about
- specific forms of ID, did it?
- A. They asked, should you have to identify, give
- positive identification before you vote.
- Q. But it did not ask about specific forms of ID
- that might be included in Voter ID legislation?
 - A. I don't -- I do not know the answer to that.
- Q. Senate Bill 362 passed in the Senate but not in
- 20 the House, correct?
- A. That is correct.
- Q. Do you recall who sponsored the bill in the
- 23 House?
- A. Todd Smith.
- Q. Did you or anyone in your office have any

- ¹ that, yes. You can ask about the number of
- ² conversations. You just can't ask about the substance
 - of them.
 - MS. FARANSSO: Can you read the last
- ⁵ pending question, please?
- 6 (Requested portion was read back by the
- ⁷ court reporter.)
- A. My answer would be yes.
- Q. (By Ms. Faransso) How many conversations?
- A. It would be impossible for me to tell you the
- number of conversations. The very nature of the way the
- 12 Texas Legislature works is that once a body -- the bill
- leaves one body and moves to the other, we allow the
- 14 process to work, and they would deal with the bill. If
- $^{\mbox{\tiny 15}}$ they had questions on the bill, we would answer those
- ⁶ questions. So I'm sure there were conversations.
- ¹⁷ Generally, the conversations are staff-to-staff.
- 8 Member-to-member conversations are not as common. I'm
- 19 sure that I had conversations with Representative Smith,
- 20 but very few.
- Q. Would Ms. McCoy have had those conversations on
- your behalf?
- A. I cannot speak for Ms. McCoy.
- Q. When you say staff-to-staff, who on your staff
- would have had those conversations?

98

- conversations with Representative Smith regarding the
- ² bill once it went to the House?
 - A. Yes.
 - Q. And what was the nature of those conversations?
- MS. HALPERN: Objection on the grounds of legislative privilege. And in order to be consistent,
- ⁷ I'm going to direct him not to answer. Because the line
- that we have drawn for the court is that where the
- ⁹ witness is being asked his own opinions, thoughts and
- mental impressions, he can waive his own legislative
- ¹¹ privilege. He cannot waive the legislative privilege of
- somebody else. That representative is entitled to
- ¹³ legislative privilege. And if I allow the witness to
- answer the question, then that representative is being
- deprived of even the ability to assert it. So for these
- questions, and I'm just making a clear record, where you
- ask him about somebody else's opinion or statements, I'm
- going to direct him not to answer.
- MS. WESTFALL: For the record, we can -- it is our position that we can ask questions along the
- ²¹ lines of privilege law, how many conversations, general
- nature of the conversation, who was the conversation
- with, notwithstanding your direction. Would you agree with that?
- with that?
 - MS. HALPERN: And we would agree with

- A. Ms. McCoy.
- Q. Did you have conversations with any other House
- ³ members about the bill once it went to the House?
- ⁴ A. 362, I would say no.
- Q. Okay. Did you have any discussions with the
- ⁶ Lieutenant Governor's office about a strategy for
- ⁷ securing passage of Senate Bill 362 in the House?
- 8 MS. HALPERN: I'm going to object to that
- ⁹ on the grounds of legislative privilege, because you've
- suggested a subject matter as well as the fact of
- ¹¹ conversations.
 - Q. (By Ms. Faransso) Did you have any
- conversations with the Lieutenant Governor's office
- about Senate Bill 362 once it went to the House?
 - A. To my knowledge, no.
- Q. Would you like to continue or do you need a
- 17 break?
- A. I'm fine.
- Q. Okay. I'm going to move on to Senate Bill
- ²⁰ 14. After failure of Senate Bill 362 in the House, did
- you have any discussions with the Lieutenant Governor's
- ²² office about next steps with regard to Voter ID
- 23 legislation?
- MS. HALPERN: Objection, legislative
- ²⁵ privilege. You can say "yes" or "no."

says. So having been instructed in that fashion, I am

objecting that you're calling for a legal conclusion.

He can tell you what he thinks it means.

Q. (By Ms. Faransso) Senator, are you aware that

the Texas Constitution prohibits the passage of a bill

within the first 60 days of a legislative session unless

it has been designated as an emergency item?

A. That is my understanding of the Texas

Constitution.

11 Q. Thank you. Was there an urgency in your mind

requiring the expeditious passage of Senate Bill 14? 13

A. It's interesting that the Democratic caucus took a position that it would like to go ahead and get

this out of the way. So the answer is yes, that it was

a general consensus of the Senate as a whole. We didn't make an official decision of that because you can't do

that. But the -- both caucuses agreed that it would be

nice to go ahead and deal with this issue early.

Q. The release states -- and let me just find the

paragraph. The second to last paragraph, the very last

full line, it states, "Without a photo ID requirement,

we can never have confidence in our system of voting."

What did you mean here by confidence in our system of

voting?

testimony showing that.

Q. The photo ID requirement in Senate Bill 14 was

intended to combat only in-person voter fraud, correct?

A. Yes.

Q. Do you recall whether January 11, 2011 was the

6 first day of the 82nd session?

A. I do not recall, no.

Q. I can represent to you that it was the first

day unless you would like to see a document showing

10 that.

A. If you say it is, I -- that's sounds right.

Q. Do you recall when Senate Bill 14 passed?

A. It was the end of January. The last week of

14 January.

15 Q. And I think, specifically, I can represent to

you it was passed on January 26th, during the last week

of January. Are you aware of any other substantive

bills that the Senate passed in the first two weeks of

the legislative session in January?

A. Of 2011?

21 O. Yes.

A. I'm sorry, I don't -- I don't have that

information.

Q. Do you think it's unusual for a bill to pass

within the first two weeks of a legislative session?

110

A. I believe that without a photo ID requirement,

we can never have confidence in our system of voting.

Q. And what do you mean by confidence?

A. Without a photo ID requirement, we can never

confidence in our system of voting.

Q. What was your -- the factual basis for your

belief that without a photo ID requirement, we could not

have confidence in our system of voting?

A. I don't think I'm quoting anything other than

saying without a photo ID requirement, we can never have

confidence in our system of voting.

12 Q. So there was no factual basis to that

13 statement?

A. That that's your opinion. You're answering for

me. The words on the paper say you cannot have a --

without a photo ID requirement, we can never have

17 confidence in our system. That gives my opinion. 18

MS. WESTFALL: Objection, nonresponsive.

19 Q. (By Ms. Faransso) Can you please tell me

whether there was a factual basis for that opinion?

21 A. There had been hours of testimony on the bill

over the last six years on this issue and so there had

been a lot of evidence delivered showing that without a

photo ID requirement, we could not have confidence in

our system. So yes, there was many, many, many hours of

A. No.

Q. Is it fair to say that Voter ID legislation was

a priority for the Lieutenant Governor at this time?

A. You'd have to ask the Lieutenant Governor that.

Q. Did you have any conversations with the

Lieutenant Governor's Office during the consideration of

Senate Bill 14?

MS. HALPERN: Yes or no.

Q. (By Ms. Faransso) How often did you have those

11 conversations?

12 A. It's a very, very broad question you're

asking. I talked with the Lieutenant Governor almost

every day so we had more than one conversation.

Q. Going back to Senate Bill 14 itself, you

mentioned that Janice McCoy drafted the legislation and

you were involved as she drafted that legislation?

Q. Have you heard the argument that Senate Bill 14 arguably would have been the strictest photo -- photo ID law in the country?

A. No.

this, many, many, many hours of testimony on this issue,

and based on that and the election results in other

3 states and other laws that had been enacted in other 24

states, we made the decision that Texas was best served

by strict photo ID bill.

Q. (By Ms. Faransso) When you say six years of history, what did that history pertain to?

A. House Bill 218 was filed in 2007.

Q. What changed in Texas?

A. When I say -- I guess I need to clarify. Six years would be three legislative sessions that are two

years between each one of them. So it wasn't six actual
 years, but it was three legislative sessions that this

went on.

Q. Were there any facts that changed in Texas pertaining to voter fraud that led you to believe that

nonphoto ID was an acceptable option in 2009 but not in 2011?

MS. HALPERN: Objection, assumes facts not

in evidence.

A. Once again --

MS. HALPERN: Compound.

Q. (By Ms. Faransso) Let me ask a slightly different question. Did any of the testimony or research that you've been referring to show or demonstrate that allowing non-photo identification would result in incidents of in-person voter fraud? A. The answer is that the information we found that the -- the best way to ensure the integrity of the

ballot box, to make sure the person was who they -- you know, they said they were, was to have a photo ID. Q. And what was that information?

A. Testimony from the public and polling of asking the public if they thought that was a -- you know, the best way.

O. So your basis for thinking about the inclusion of non-photo ID would result in in-person voter fraud were polls asking the public what they thought about

A. You're answering your own question.

Q. So that's a yes?

A. You want to ask that -- no, that's not a yes at

all. If you want to ask me a question instead of a

compound question, you know -- the public, when asked, do you think that the ballot box, integrity of the

ballot box would be improved by having a strict photo

implemented and the turnout and results of the

elections. And, you know, they -- they projected

that. There was no elections held in Texas with a

strict photo ID until 2013.

Q. Thank you. We talked a bit about this earlier today, but do you recall that Senate Bill 362 permitted

photo IDs issued by state and federal agencies or

institutions?

A. Yes.

Q. Are you aware that Indiana and Georgia's photo

ID laws also include photo ID issued by state or federal

agencies or institutions?

A. I'm sorry, I'm not -- not -- I would not say

15 that I know that.

19

Q. Are you aware that Senate Bill 14 does not include photo identification issued by state or federal

agencies or institutions?

A. I would disagree with that.

Q. And why would you disagree with that?

A. Is a passport issued by the state or federal government? Is a driver's license issued by the state

government? So IDs by state and federal government are

approved as identification for Senate Bill 14.

Q. And that's fair. Let me clarify my question

129 then. I'm referring specifically to the provision we looked at earlier this morning in Senate Bill 362 that read that, "A valid identification card that contains a person's photograph and is issued by an agency or institution of the federal government or an agency, institution or political subdivision of the state was included in Senate Bill 362." And there is no parallel provision in Senate Bill 14, is there? A. As you're doing in your questions, clarifying, we clarified in Senate Bill 14 specifically what federal IDs and what state IDs would be acceptable to be used 12 for identification to make it for the ease of the poll 13 worker and the voter knowing what the --14 14 (Interruption by teleconference recorded 15 15 message.) 16 16 Q. So is it a fair statement to say that 21 Senate Bill 14 narrowed the state or federal issued 22 forms of ID that were acceptable? A. No, that's your statement. Senate Bill 14

131 A. You're trying make me determine what someone's mind that I haven't met what is and is not. That's subjective. Q. Senate Bill 14 list of acceptable identifications includes driver's license expired no earlier than 60 days before the date of presentation; is that correct? We can take a look at the bill if that would refresh your recollection. A. Please. Q. Okay. Let's actually take a look at the final version of the bill. (Exhibit 16 marked for identification.) Q. (By Ms. Faransso) Senator, you've been handed MR. CLAY: I'm sorry, what number are we MS. FARANSSO: 16. Q. (By Ms. Faransso) You've been handed what has been marked as Exhibit 16. A. And poll workers.

Q. And poll workers. Specific to voters, why would it be easier on voters to have a narrower set of

possess one of the forms of identification stipulated in

Senate Bill 14?

A. It would be clear to that voter.

137 there were numerous IDs on the market that people had created -- a University called Monsters University or Tom's University -- and they would create their own ID. And we realized that if there wasn't a uniform standard for identification, that we could not control the identification mechanisms going into a polling place and would confuse poll workers.

Q. (By Ms. Faransso) Did you give any consideration to options for requiring, for example, expiration dates on student IDs?

A. Unfortunately, there's a lot of identification cards. I actually just noticed there's one right here on Linda's -- could I see your card? This is a very classic -- it was issued by the State of Texas, it has 15 her picture on it and this allows her to get in, but there is no identification anywhere on the card. Unfortunately, we found that to be the case on a lot of cards that were issued. And without an identification -- an expiration date, we ran into the same problem we had with driver's licenses. 21 Q. So specifically with respect to student

identification, did the Senate or you personally give any consideration to ways of making student identification more uniform across the state of Texas?

A. We spent extensive time looking at that issue

So, to ensure the integrity the ballot box

and make sure that an ID has been not been issued by an

unauthorized source, we chose to use the four sources that we -- either the federal government of the

passport, federal government military ID, a -- the

handgun picture ID or an ID issued by the Texas driver's

license, the Department of Public Safety or an ID that

had been issued for voting were the acceptable forms.

Q. Senator, at the time you were drafting and

considering Senate Bill 14, were you aware of any

instances in Texas when a -- where a forged student ID

had been used for in-person voter fraud?

A. I'm not sure how to answer that because that

was not information we ever asked for. I am very, very aware of the fact that it's easy to make a fake ID to

buy liquor and/or to do other things, so we -- we were

aware that it was easy to do a forged ID. And we --

because of information we received from the Department

of Public Safety and the fact that we had an ID that was

very hard to forge or replicate, we felt like that was

the safest way to preserve the integrity the ballot box.

Q. But just to confirm, you had no factual

information as to whether a student ID had been used to

commit in-person voter fraud in Texas?

A. That testimony, to my knowledge, I don't know

138

that it was ever asked.

Q. Okay. Are you aware of any such instances of

student ID being used to commit voter fraud anywhere in

the country?

A. I don't know that that information has ever

been delivered to me.

Q. Okay. And you did not ask for any such

information with respect to Texas or other states,

correct?

A. No. We were moving toward making sure that we

do IDs that could not be forged.

Q. Did you conduct any analysis as to whether

college students were more or less likely to possess the

forms of identification that were listed in Senate Bill

15 14?

MS. HALPERN: Objection, vague.

A. Actually, there was a lot of discussion about

who possessed driver's licenses, who had ID, who had

passports, who had concealed handgun permits, and yes,

it was discussion about the age of the people and who

had what, and we determined that actually, the younger

people were more likely to have the -- all the forms of

23 ID that could be used.

Q. (By Ms. Faransso) Did that --

A. And a student ID was not needed.

trying to determine if there's a way to do it, and we

found that if someone -- you couldn't restrict someone from let's say the University of Texas or in a private

college like Austin College in Denton where they -- was

not a state institution. We didn't know who was issuing

those cards. A lot of cases, we didn't know the

university who it represented and there was no way to standardize it. And we made an agreement that that was

probably not an acceptable way and it would actually

confuse the process. And so we eliminated student IDs

from the list.

Q. You mentioned the difficulty of standardizing

IDs from public -- from private institutions of higher

education. Did you give any consideration to

standardizing ID from public institutions of higher

education in Texas?

A. Actually, we did, but we get into the same

18 Kinko's problem, is that you could go there this

afternoon and make your own ID very, you know, easily at

Kinko's. We realized that the -- in Texas, we came up

with a very sophisticated process with the driver's

licenses with multiple things that cannot be replicated

and will keep people from either changing or duplicating

a Texas driver's license on an ID that is issued by the Department of Public Safety.

A. Clarify debate. Are you talking about debate on the Floor?

Q. Yes.

A. I don't remember that, no.

Q. Are you aware of any analysis to determine the

⁸ burdens of acquiring an EIC while Senate Bill 14 was

being considered?

A. A study?

11

Q. Any analysis: Study, research, any testimony

12 that was put forward on the Floor.

A. We had testimony by the Department of Public

Safety and we also -- not only in the testimony but also

after and during the Conference Committee instructing

the Department of Public Safety or asking them ways that

7 we could ease the burden on someone in acquiring it. So

8 the answer would yes.

⁹ Q. Okay. And are you familiar with the underlying

²⁰ documentation that's required to obtain an EIC?

 21 A. I don't know where you're headed so I guess I'd 22 say no.

Q. Are you aware that in order to obtain an EIC,

one must prove -- show proof of citizenship and

⁸ implementation of the law, by the time the first

⁹ election was held, that was in place.

Q. Who was that instruction given to?

A. To -- I believe it's the health service, I

believe, is the one that does birth certificates.

Q. So the --

Q. So Texas Health Service -- Health Services, as

⁹ an agency, was entrusted with ensuring that a birth

²⁰ certificate did not cost \$22 by the time the first

A. That is correct.

Q. Are you aware that approximately 80 counties in

A. I'm not -- no, I'm not aware.

150

A. I am aware of that, yes.

Q. Are you aware that there are fees associated

A. Yeah, you're going to have that ask that again, I didn't get what you said.

Q. Are you aware that there are fees associated
 with obtaining the underlying documentation required to
 obtain an EIC?

MS. HALPERN: Objection, assumes facts not in evidence.

A. Why don't you explain what you're asking and I'll tell you whether I know it or not.

Q. (By Ms. Faransso) Are you aware, for example, that an individual seeking to obtain an EIC must provide proof of citizenship?

A. Yes.

Q. And are you aware that one way to prove

citizenship is by showing one's birth certificate?

A. Yes.

Q. And are you aware that at the time that Senate Bill 14 was passed, a birth certificate cost \$22 in the

state of Texas?

A. And are you also aware that the -- that

provision had been removed and now it's either free --

Q. Were you aware of that at the time that Senate Bill 14 was being debated?

A. There was discussion on the Floor of -- by DPS

⁴ and the question asked about the availability of

⁵ offices, and so that -- I did listen to that discussion,

yes.

11

12

Q. During consideration of Senate Bill 14, did you conduct or review any analysis of the distances that

9 voters living in counties without a DPS office would

have to travel to get to the nearest DPS location?

A. Yes.

Q. And what were your findings?

A. That Texas is a very large state with a very

sparse population and -- in a lot of the state, and that

we have done the best job within -- that's possible in

order to make be sure the DPS offices available -- I

know there's a lot of people interested in getting a

driver license -- and that because of the shear size of
 the state, it was impossible to have a DPS office

everywhere.

MS. FARANSSO: If you don't mind, if we could go off the record for a moment to reopen the line.

MS. HALPERN: Actually, before we go off the record, I want to make a statement for the record,

25

⁵ which is this: This Exhibit 18, I stated earlier that I

7/23/2014

was concerned that it was multiple documents stuck together and I'm not questioning how you received it, but we have another exhibit, Exhibit 9, which is a transmittal e-mail from Bryan Hebert, and to that are attached three documents, one of which is identical to TX 00009466.

MS. FARANSSO: Counsel, if I may, it's not impossible that certain documents, Talking Points for example, would be attached to multiple documents. So that may explain why an identical document is attached to two documents --

MS. HALPERN: Well --

MS. FARANSSO: -- that have been used asany exhibits in this deposition.

any exhibits in this deposition.

MS. HALPERN: Well, but the point is, it

doesn't mean that it's one single document. I also know
something about how the documents were produced in this
case. We had testimony from Ms. McCoy that everything
went in a box. And I think in order to produce these
documents to you, everything was taken out of the box.
How it was arranged in the box is not clear to me, and I
just -- I'm not convinced that Exhibit 18 is in fact a
single document. I very strongly believe it is not a
single document, and I just wanted to say that for the
record.

¹ (Requested portion was read back by the ² court reporter.)

A. You're making an assumption that the people in
that area don't already have a driver's license and have
identification. That our testimony showed that the
numbers are in the high 90s percent of people, eligible
voters, that have a driver's license. That testimony
was received during the bill. But if someone did not
have that, they could also have the other choice of
either voting by mail or, obviously, if they had to
travel to it, they would be traveling to the same place
the driver's licenses are issued.

Q. (By Ms. Faransso) Are you aware that some voters prefer to vote in person rather than by mail?

Q. During consideration of Senate Bill 14, did you conduct or review any analysis regarding the availability of public transit to DPS offices throughout the state?

A. There was much discussion in the laying out of
the bill about public transportation, who would have -what percentage of the population would be able to
access it. And I think the testimony we heard is that
the majority, the overwhelming majority of the state was
served by public transportation that was available to

154

MS. FARANSSO: Thank you. And for the moment, I don't intend to ask questions about the pages you are referring to, so hopefully it will be a non-issue for this deposition.

MS. HALPERN: Well, and I want to make it

MS. HALPERN: Well, and I want to make it clear that his identification is just with respect to the pages that you specifically questioned him about.

MS. FARANSSO: That's fine.

MG. HALDEDNI, All 11.

MS. HALPERN: All right.

(Pause to re-establish teleconference connection with Mr. Derfner.)

Q. (By Ms. Faransso) Senator, before we went off
the record, you had referenced the sheer size of the
state, which I am well aware of. Is it fair to say
based on the sheer size of the state and the fact that
we could not -- Texas could not locate a DPS office in
every county, that some voters living in more remote
areas would need to travel farther distances than others
to obtain an EIC from the nearest DPS location?

A. I'm going ask you to ask that again -MS. FARANSSO: Can you please read it back.

A. -- you -- very long, multiple question.

MS. FARANSSO: Can you please read it
back.

¹ get to DPS offices.

Q. And in what form was that public transportation that you were looking at?

4 A. Public transportation.

Q. What kind of public transportation?

A. The testimony was about public transportation.

⁷ I don't know it was broken out per.

Q. Did you conduct any analysis regarding the hours and days during which DPS offices are open?

A. Much discussion during the bill about asking

questions about times that they're open. We were very

pleased to find out that in most cases across the state,

DPS offices were open up to 7 o'clock. So someone

getting off work at 5 could go to the DPS office up

¹⁵ until 7.

16

23

Q. What about weekend hours?

A. There were some available on weekends, not as much as late hours during the week.

Q. When you say most DPS offices were open to 7 p.m., do you know exactly what percentage of DPS offices were open until 7 p.m.?

A. If I said most, I would like to retract that. There were -- many offices were open. I don't know the percentage.

Q. Do you know the location, generally speaking,

7/23/2014

159

(Pages 157 to 160)

157

across the state of which DPS offices were open past -or open until 7?

A. I think my statement said that in areas of high population. So the bulk of the population of the state would have access to a DPS office that was open up until

Q. In areas of high population, okay. Senator, would you agree that for some voters, the farther they have to travel to obtain an EIC, the less likely they are to obtain one? 11 MS. HALPERN: Objection, calls for 12 speculation.

A. Yeah, and I think you're speculating whether -that same thought would be of whether they would get a driver's license. If someone -- if they're in a remote area, they chose to live in that remote area for a reason and they understand that by living in a remote area, there's challenges in getting groceries, getting a driver's license, and it would be the same distance to get a card. If they chose not to get an identification card, they still have the right to vote by mail, which a lot of people do exercise.

Q. (By Ms. Faransso) Would you agree that obtaining a driver's license gives you additional benefits beyond voting?

hundred miles round trip to obtain an EIC, that that

would impact their decision as to whether to obtain an EIC?

A. Once again, people in Texas that have chosen to live in remote areas, by choosing to live there, they understand that they would have to travel to receive groceries, food, water, driver's license, and the

Q. Do you believe that all people who live in remote areas have decided to live in those remote areas

election identification.

A. I think -- I don't think you could say all on anything because there's probably exceptions to every rule.

O. And do you believe that the choice of living in a remote area should impact one's right to vote?

A. Everyone in remote areas have the right and opportunities to vote if they either choose to get an identification card. If they choose not to get one, they can vote my mail.

Q. And I believe you -- I believe I asked you before, but just to confirm for the record, there are some groups of people who prefer to vote by -- in person 24 rather than by mail, correct?

MS. HALPERN: Objection, vague.

158

25

A. Ask that again.

13

12

Q. Would you agree that obtaining a driver's license gives you additional benefits beyond voting?

A. Yes. You get to drive a car.

Q. That's right. And would you agree that obtaining an EIC is for the sole purpose of voting?

A. No, I think I disagree with that because I believe the voter identification cards can be served as identification for buying cigarettes, I'm assuming riding an airplane. I think it is a state issued 11 identification. That is my understanding.

Q. That's your understanding. But the purpose of an EIC is to permit an individual to vote, correct?

A. But that wasn't the question that you asked. We're not talking about the purpose. You're saying could it be used for something else, and it could be used for other things. It's the same question you asked about the driver's license, yes, it could be used for other things.

Q. And for what things can an EIC be used for in the state of Texas?

A. I believe -- for any type of identification where a state ID should be issued, I believe it should be able to be used.

Q. Do you believe that if a voter had to travel a

160

A. I'm -- it's vague and I can't -- it's

subjective because I can't read the minds of people

living in remote areas.

Q. (By Ms. Faransso) Would you agree that a form of identification is not free if it cost money to obtain these underlying documents required to obtain that form of identification?

A. It's very clearly not free if it cost money, but the state of Texas has done everything they can to make it either free or as least expensive as possible.

Q. Would you agree that a form of identification is not free if it cost money to travel to obtain that form of identification for the sole purpose of voting?

A. Obviously, if you travel there, there is a cost 15 to travel.

Q. Did you conduct any analysis of the burdens of obtaining an EIC that would fall on low income voters?

A. Once again, we're back to the study issue of what you consider study, and lot of that came from testimony. The district that I represent is I believe still the third poorest in the state. I traveled

exclusively -- extensively across my district and asking questions, and the feedback I had from my district and

the feedback we had from testimony is that the, you

know, people would be able to get identification.

161

Q. Did -- when you were discussing with your constituents this issue, did you discuss the cost

involved in obtaining the underlying documentation to

obtain an EIC?

MS. HALPERN: Objection, legislative privilege.

A. The answer is yes. A lot of that would be me asking questions and me also responding, making sure that we were doing everything we could to either make the card free and/or driver's license free or very

of the burdens of obtaining an EIC that a low income voter would experience in taking off work to obtain an

16 EIC?

A. Once again, the question that was asked was, how often -- or what areas and what -- how much we served in the areas where they would have offices open until 7, and I was pleasantly surprised at the number and availability of people that would be able to access offices that were open until 7.

Q. But not all offices were open until 7, correct?

A. The majority of Texas in high population areas, there is access up to 7.

-- already has identification, and interestingly since

then, the data we looked at and the number of people

that have gotten the free card, the percentage is

extremely low because people already had these others forms of identification.

Q. (By Ms. Faransso) Could there be other reasons to explain the low percentage of people who have sought to obtain an EIC?

A. Would you like to suggest what those could be?

Q. Could it be a low percentage of people who have sought to obtain an EIC be explained by the difficulty

involved in obtaining such an identification?

A. Or it could be that they chose to vote my mail.

Q. Implementation of the EIC program was left to 15 the Department of Public Safety; is that correct?

A. Repeat the question, please.

17 Q. Implementation of the EIC program was left to

the Department of Public Safety?

A. Yes.

13

Q. And after SB 14 was enacted, did your office

have any communications with DPS about the rollout of

the EIC program?

A. Yes.

Q. Do you know the number of people who have

obtained an EIC in the state?

162

Q. In high population areas, okay.

Senator, are you aware of the racial

makeup of the low income population in Texas?

A. No.

Q. When the EIC provision was proposed and being considered, some Senators raised concerns about the

burdens associated with obtaining an EIC. Do you recall

that testimony?

A. No.

Q. Do you recall that some Senators raised

concerns that such burdens would prevent voters from

exercising their right to vote?

A. No. Because I believe everyone in Texas has the ability and the right to vote because of mail-in

ballots.

Q. Do you -- do you believe that for a person who

would prefer to vote in person -- in-person and who does

not possess one of the forms of ID required by Senate

Bill 14, that that person might experience burdens in obtaining an EIC to vote?

21 MS. HALPERN: Objection, calls for

speculation.

A. It would be impossible for me to project each

person. But again, it -- our research showed by the

testimony that an extremely high population of Texas has

A. I could not give you the accurate number, no.

Q. Senator, do you recall during the debate in the

Committee of the Whole on SB 14, responding, "I am not advised to numerous questions"?

A. Would you ask your question again? MS. FARANSSO: Can you please read it

back?

(Requested portion was read back by the court reporter.

10 A. Yes.

11 Q. (By Ms. Faransso) What does the answer "I am not advised" mean?

13 A. It means that I don't have -- I do not have sufficient information to answer your question.

Q. Do you recall being asked questions about the

potential impact of Senate Bill 14 on minority voters? 17

A. No, I do not remember the specific question.

Q. What was your response -- actually, can you hand me Tab 20, please?

(Exhibit 19 marked for identification.)

Q. (By Ms. Faransso) Senator, you've been handed what has been marked Exhibit 19. Does this document

look familiar to you?

Q. Does this appear to be the transcript of the

Q. (By Ms. Faransso) Senator, you've been handed

what has been marked as Exhibit 20. Do you recognize

this document?

A. No.

Q. Does this appear to be the Senate Journal from January 26, 2011?

A. I do have a question on this, this has got two exhibit numbers, 174 and then --

10 MS. HALPERN: It was used in somebody 11 else's deposition, but 20 is the one you want to focus 12

THE WITNESS: Okay.

MS. HALPERN: It was used with Bryan

16

THE WITNESS: Okay.

Q. (By Ms. Faransso) And so does this appear to be the Senate Journal from January 26, 2011?

A. It does.

Q. And is the Senate Journal essentially a record

of events that occur on the Senate Floor?

A. Yes.

Q. If you could please turn to Page 118. Do you

recall that a number of amendments were offered to

Senate Bill 14, some of which were adopted; some of

amendment, and 75 percent of the amendment could have

been fine, but the other 25 percent might not have been.

So you have to look at the amendment in its entirety to

see what the amendment did.

Q. Does the Senate Journal not reflect the words

that would have been added to Senate Bill 14 via this

amendment?

A. The Senate Journal does the CliffsNotes of the amendment.

Q. Is it fair to say that Senator Davis offered an amendment that would have prohibited fees charged by the

State for documents used as proof of identification

under Senate Bill 14?

A. And I can't verify that unless you can produce the actual amendment so I can look at it?

Q. This is public record, correct, the Senate

Journal?

18 A. Yes.

19 Q. Does this not reflect the events that happened

on the Senate Floor?

A. The events, the Cliffs Notes of the content,

but it does not have the full everything.

23 Q. What do you think is missing from Amendment 12

24 here?

A. You would have to tell me that, but if you can

170

which were not?

Q. Looking at Page 118, do you see Amendment 12

offered by Senator Davis?

A. Yes.

Q. This amendment would have prohibited the State

from charging fees for documents used as proof of

identification under Senate Bill 14, correct?

A. Do you have a copy of the actual amendment

10 itself?

11 Q. I am looking at the underlying text.

12 A. That is a short version of it. That's not the

amendment itself. If you're going to ask me about the

amendment, you're going to have to show me the amendment 15

Q. Do you recall generally that this amendment

would have prohibited the State from charging fees for

documents to use as proof of identification under Senate

19 Bill 14?

22

A. If you could show me the exact amendment that was filed, I might -- you might can refresh my memory.

Q. Does the Senate Journal not accurately reflect

the substance of the amendment?

A. The substance of the amendment, the caption of

25 the amendment does not capture the body of the

produce the amendment.

Q. Is this language -- do you believe that

language is missing, language that would have been added

via Amendment 12?

A. It would be subjective for me to try to project

that.

Q. I'm just trying to understand what you mean by

a Cliffs Note version. What I see here is underlying

language that would have been added to Senate Bill 14

10 via this amendment. 11

Do you believe that there is language

beyond this language that would have been added via this

amendment?

14

18

19

A. Yes.

15 Q. Would you bear with me and be willing to talk

about the language we see here in the Senate Journal,

which as you noted, is public record?

A. Sure.

Q. Okay. So based on the Senate Journal that is

public record, does it appear that this amendment

offered by Senator Davis would have prohibited the State

from charging fees for documents used as proof of ID

23 under Senate Bill 14?

A. I can't tell, because we don't have the

amendment.

in-person voter fraud, correct?

Q. I appreciate that an amendment might have a

this particular amendment that we've been looking at

fiscal impact on the budget. I am simply asking whether

A. Yes.

registration card they could present from one of a number, a large number of forms of ID?

A. Yes.

Q. With regard to absentee voting in Texas, do you know whether it is a no excuse absentee voting state?

A. It is an excuse.

Q. What do you mean by that?

A. That you -- there's parameters that you have to

meet in order to vote by absentee.

Q. So only certain categories of voters in certain

situations can vote absentee; is that correct? 16

A. By rule and by law, yes.

Q. Before Texas started enforcing Senate Bill 14, 18 if a voter appeared without a voter registration card or 19 any form of acceptable ID, could the voter still vote?

A. I believe they could vote a provisional ballot.

21 Q. Are provisional ballots always counted? Under prior -- prior to Senate Bill 14, were they always counted?

24 A. Not to my knowledge.

Q. Do you recall that one exception was, under

Senate Bill 14, that if the voter fills out an affidavit

indicating a religious objection to being photographed?

A. I -- I'm sorry. I'm not -- I don't know.

Q. What criteria for determining which photo IDs

-- what were the criteria for determining which photo

IDs to include in Senate Bill 14?

A. I think we've done an asked and answered on that, and I'll be glad to go through it again, if you'd like.

Q. What is your answer?

A. My answer is I'll be glad to go through it

again, but I've already answered that question once.

MS. WESTFALL: Could you read back the

question, please?

(The requested portion was read back by

the court reporter.)

A. You'd like me to answer it?

Q. (By Ms. Westfall) Yes.

A. The criteria we used was coming up with both

federal and state government identification that was

issued by both entities that was secure. The ones we

came up with from the federal government was the

passport and/or military ID that were not expired, and

A. If they came back within an appropriate number of days and gave correct identification, it would be counted.

Q. Is your testimony with regard to the law as it existed before Senate Bill 14 was in effect --

A. I believe --

Q. -- or after?

A. I believe it's the same. Because we have a provisional ballot provision in Senate Bill 14.

13 Q. Okay. We may talk about that a little bit 14 later.

15 Under Senate Bill 14, if a voter appears 16 without required photo ID, can the voter cast a ballot?

Q. What type of ballot can the voter cast?

A. Provisional.

Q. Under what circumstance will that provisional

ballot be counted? 22

A. If they return within, I believe it is five 23 days, with sufficient photo ID, they will be counted. 24

A. Okay. What is the page number? A United

States citizenship certificate with a photograph on it.

From a state basis, we are allowing a Texas driver's license, a concealed handgun license that was issued by

DPS, or an identification card that was issued by DPS.

Q. (By Ms. Westfall) Did you consider whether a form of photo ID to be included in the bill would prove that a voter was eligible to vote in Texas?

A. At the time the bill was passed and shortly 15 after, the answer was yes.

Q. What did you consider in that regard?

A. That one of the determination that on the Texas driver's license it clarified if someone was a citizen

by if they were using a Texas driver's license. There

was a law that -- there was a bill that was passed since

then that has since changed that so that a -- a

A. Sorry. Let me retract my answer. I was

advised, which is a normal event, is that someone from

the front desk, the Lieutenant Governor's desk, came

⁵ back and said you're going to be recognized for a motion

on 218 in five minutes.

Q. Was that the first time that you heard that you

were going to be recognized for that motion?

Q. Had you asked Lieutenant Governor Dewhurst's

¹¹ Office in advance of this request if you could make the

12 motion?

13 A. No.

Q. Did the Lieutenant Governor's Office ask you in

advance of that notification you just testified to, to

make a motion to suspend the rules?

A. Prior to?

18 Q. Yes.

19 A. No.

Q. Would it surprise you to learn that Senator

Williams testified in a deposition that you were likely

involved in the decision to be recognized to make the

motion on House Bill 218?

24 A. Yes, I'd be surprised.

Q. Do you think Senator Williams' recollection is

Q. Did you at any time ever talk to that person?

A. Who, Senator Shapleigh?

O. To the person whoever was presiding to allow

that vote to occur?

A. No.

Q. Are you certain that it was not the Lieutenant

Governor?

A. I didn't say that. My answer is I don't know

who was in the chair.

Q. Did you hear from anyone at any time as to why

the verification of the vote was permitted? 12

MS. HALPERN: You can answer yes or no.

13 A. No.

14 Q. (By Ms. Westfall) What was your reaction to the

decision to permit a verification of the vote?

A. There is no reaction, there's a motion and they

acted on it.

Q. Were you disappointed?

A. I had no reaction either way.

Q. What was the outcome of the verification of the

21 vote?

18

incorrect in that regard?

A. I know that -- the answer is yes.

Q. The support of two thirds Senators was required

to suspend the rules and bring House Bill 218 to the

floor for a vote, was it not?

A. Yes.

Q. And the motion to suspend the regular order of

business with the first vote to take up House Bill 218

prevailed 19 to 9; is that correct?

A. That is correct.

11 Q. Was the request made to verify that vote?

A. Yes.

13 O. By whom?

14 A. Senator Shapleigh.

15 Q. To whom was that request made?

16 A. You have to make a request on the floor to the

17 presiding officer.

Q. Would that have been the Lieutenant Governor?

19 A. I don't know who was in the chair at the time.

20 Q. Turning your attention to Exhibit 22, is there

any way to ascertain from Exhibit 22 who was presiding?

the vote was taken. But when the vote -- actually the

first vote, they did not vote.

Q. Did the Senate take any further action on House

Bill 218?

A. 218, no. 218, during that session, there was

no other action.

Q. Why not?

MS. HALPERN: Objection, legislative

privilege. You can answer if you know.

12 A. I was never recognized again for a motion to

O. Just to go back to my question, Senator, you do

in the press release indicate that the purpose of Senate

Bill 363 is to ensure that illegal aliens, noncitizens, and people otherwise not qualified, do not dilute

legitimate votes cast by citizens; isn't that correct?

A. I don't believe there's a reference there to

Q. So I'm going to try again. Did you have a

 that illegal aliens were participating in elections in

Texas?

A. I had a concern that no one in Texas that was not eligible to vote should be voting, and a subset of that were people that were noncitizens.

Q. So is the answer to my question yes?

A. The answer is I continue to have a concern of making sure that no one that was ineligible to vote in Texas should be voting, and a subset of that was people

Q. And I appreciate your testimony, but if you could focus on my question, we'll get through the day much faster.

Turning your attention back to Exhibit 23, you express an interest in ensuring that illegal aliens and noncitizens are not participating in elections, isn't that right?

A. The press release says that they are a subset of making sure that people in Texas that are qualified to vote are the only ones voting, and of the ones that in order to qualify for Texas, someone who is not a citizen is a subset of that group and is not qualified to vote.

Q. Did you have a concern about illegal aliens voting in Texas at the time of this press release?

A. I had a concern before, during and after this was done making sure that every person in Texas was a qualified voter and subsets of that, that were not qualified, should not be voting.

Q. Turning your attention back to my question, did you have a concern about illegal aliens in Texas participating in elections in Texas at that time?

A. Before, during and after the bill was filed, I

continued to have -- make sure that anyone on -- that

only eligible voters in Texas could vote and a subset of

that were eligible to vote should be voting, and no one
 that's ineligible should vote, a subset of that were
 people that were not citizens.

MS. WESTFALL: Okay. I'm going to move to strike as nonresponsive.

Q. (By Ms. Westfall) I want you to listen carefully to the question so we can get through and move on to another topic and another exhibit, sir.

What was the factual basis for your concern about undocumented persons participating in Texas elections?

A. I -- my concern was making sure that I did not feel that we had the tools in Texas to ensure the integrity of the ballot box, and that if someone was not qualified to vote, we did not have sufficient tools in place to identify that person and prosecute them for voting illegally. So anyone that was not qualified to vote was a concern, a subset of that were people that were noncitizens.

Q. And I believe you testified earlier that the sole purpose of Senate Bill 362 was to prevent in-person voter impersonation, right?

A. It was to -- I think what I said was to protect the integrity of the ballot box.

Q. As it pertained to in-person voter

"Fraser introduces a similar bill in 2009 that passed in

the Senate, but it died in the House." And then it goes on to quote you as saying, "We're going to attempt to go ahead and try to move it earlier this year." Do you see

A. Could you show me where that says that?

Q. I'm referring to the paragraph where you say,

"We're going to attempt to try to move it earlier this

year." Did you see that as part of the strategy to --

A. I see that, but no, I'm not -- what point

you're trying to make is not correct. The words speak

for themself is that we're going to try to move it

quicker. It doesn't say anything about the Senate. It refers to the House.

12 Q. Are you aware of any research conducted before the 2009 session to determine a procedure to increase

the likelihood of Senate passage of a Voter ID bill?

A. Ask that question again. Q. Sure. Are you aware of any research about

16

Senate procedure that was conducted in advance of 2009

to ensure that Voter ID would be passed in the Senate?

19 A. No.

15

24

Q. Are you aware of Senator Tommy Williams having

conducted any research about how -- about procedures to

put into place in the Senate Rules to ensure passage of

23 Voter ID in the Senate --

A. No.

13

16

17

A. Yes.

Q. And at this point in time, in November 2010,

what -- did you have a strategy for moving Voter ID

forward in the Senate so that it could actually get passed into law?

A. We had already passed it once. So my assumption is we could pass it again.

Q. Did you have any -- and in 2009, Senate Bill 15 362 failed in the House, correct?

A. Yes.

Q. Did you have any strategy at this point in

November 2010 for moving Voter ID through both the

Senate and the House and having it enacted into law?

A. It was not my strategy, but there was a different -- a different bill sponsor in the House. And it was my belief that the problem with the bill the year

Q. Was another problem that you alluded to in this

article that the bill did not move quickly enough

before was the bill sponsor.

1 A. No.

Q. Did Senator Williams spearhead -- strike that.

I believe you testified earlier about the

Rule 5.11 in the 2009 rules. Do you remember that rule?

A. Yes.

Q. How did that rule come to be included in the

Senate Rules in 2009?

A. I -- I have previous testimony that I'm not aware of that other than I was not a party to putting it 10 in.

11 Q. So you had no involvement whatsoever in any

12 research to figure out those procedures?

A. No.

14 O. Is that correct?

15 A. No.

13

18

19

Q. Do you know who was involved in devising that

procedure in the Senate?

Q. Was Senator Williams at all involved in

devising that procedure in 2000 --21

A. You need to ask Senator Williams that.

Q. Are you aware of Senator Williams having any

23 involvement in devising that procedure?

24 A. No.

233 doesn't have a photo ID, we want them to be allowed to vote, but they're going to have to come back and prove they have a photo ID. Q. But isn't it true that under Senate Bill 362,

the provisional ballot process was that a voter would -a voter who did not have ID would vote provisionally, and the county board would determine whether to count that without the voter having to return to the office?

A. 362 was not a pure photo ID bill, and I've stated before that there was things in 362 that I was not in agreement with. We changed that in Senate Bill 14 and changed it to a pure photo ID bill.

Q. But do you know whether Senate Bill 362 included that provision, not requiring the voter who cast the provisional ballot to return to the registrar?

A. I cannot verify that.

Q. Are you aware of any erroneous determinations by a county election official concerning whether to count a provisional ballot?

A. I'm sorry, I'm not -- no, I've not been 21 advised.

Q. Do you recall that Senator Van de Putte asked you questions about the provisional ballot procedures in Texas during the hearing on Senate Bill 14?

A. I'm still -- I do not remember that.

the Secretary of State was because it was scheduled to

be one of the invited guests to testify. The questions

to the author come prior to that. The next person to

come up was the Secretary of State, and it would be

eligible to ask questions. At that point, if questions

were asked and concerns were raised, I would listen to the concerns. If the concerns were valid and needed to

be changed, we could have addressed that by amendment.

So the order -- if she's raising a question, I'm saying

the correct place to ask that is to the next witness.

Q. So you referred her to the Secretary of State's 12 Office?

13 A. I didn't refer her to the Secretary of State.

I said the Secretary of State's Office will be testifying as the next person. Once they come up, the

question you're asking, they can give you the clearest description to make sure that I'm not inaccurately

telling you what the -- the question you're asking.

Q. In light of the change in law of provisional ballots, whereas before the voter did not have to return

to the registrar to present any documentation, and the

ballot could still be counted, whereas as under Senate

Bill 14, the voter who cast a provisional ballot for

lack of ID would have to come and present ID in order to

ensure that that would be counted, was any consideration

Q. (By Ms. Westfall) You've been handed what's been marked as Exhibit 29. Do you recognize this document?

A. No.

Q. I will represent to you that it is an excerpt of the transcript of proceedings before the Texas Senate on January 25, 2011, related to consideration of Senate Bill 14, and that the testimony includes -- I mean the transcript includes your laying out of the bill and questions and answers that you received from Senators.

12 Turning your attention to Senate 13 transcript, the Senate transcript at Page 44, do you see that you were asked questions by Senator Van de Putte 15 about the provisional ballot process? 16

A. What was the question?

17 Q. Do you see that you referred Senator Van de Putte and her questions regarding the changes in law to provisional ballots to the Secretary of State's 20 office?

A. Yes.

21

Q. Do you know whether there was any consideration given by you or others to the consequences of changing the law in Texas as it pertained to provisional ballots?

A. The -- in the -- the reason we referred her to

given to -- by the Senate to the consequences of this

change on voters?

A. Sure. I mean, there was a discussion where -it's here in the record where Senator Van de Putte and I

had a discussion about it, and then when the Secretary of State came up, it was discussed. That was -- that

was a point of discussion. As it's turned out that it

was not a problem at all, that as history has shown us since we've had elections since then, we found out that

we have had virtually no problem with the provisional

ballots and that people -- there are very few of them being filed, and the ones that have been filed, that it

has not been a problem.

Q. What is the basis of your knowledge?

15 A. On this?

Q. On the provisional ballot process?

A. Asking questions of the Secretary of State.

Q. That has happened after the bill has -- since

the time the bill has been implemented?

A. Yeah, it would be an impossible to project

prior to the passage of the bill what the impact would

be other than asking questions of the Secretary of State of how they intended to implement. And by after we --

they explained how they had planned to implement this

and education of the voters, it turned out that the way

A. To my knowledge, no.

Q. Was there any consideration given to extending the hours of county election offices based on new

provisional ballot procedures?

A. I -- I don't remember that whether there was discussion of it or not.

Q. Were any changes made to the provisional ballot provision in the bill after the bill was referred to the 13 House?

it's problematic, because an out-of-bounds requires a two-thirds' vote to put in.

Q. Two-thirds' vote of both bodies?

A. Both bodies.

Q. So did you want to avoid that if possible?

A. Well, the -- in most cases, if there's a bill that you're concerned about getting two-thirds' vote,

that the answer would be yes.

Q. Did you have concerns about getting two-thirds of a vote for the out-of-bound resolution in the Senate?

A. This isn't -- this is not from me. It's not to me. And I told you that I haven't seen this. So assuming that I had concerns about it implies that I knew about it, and I've just said that I don't -- you

know, this -- I have not seen this. Q. After Senate Bill 362 passed the Senate, was it reported in the press that Representative Smith was

pursuing a modification to Senate Bill 362 that would 19 involve allowing the voter to use an affidavit?

A. I'm not advised and you'd have to ask Representative Smith that.

22 Q. Was the OAG office involved in drafting any 23 other provisions for Senate Bill 14 that you're aware 24 of? 25

A. Not to my knowledge.

A. The testimony is as -- as we've, you know,

explored all day, Texas has no ability for us to do

independent studies. The way you do studies are either

testimony that happens with a legislation or a poll that

is conducted by someone else. This is a poll that's

conducted two weeks prior to the bill being heard. I

was giving him the data of the poll.

Q. And you -- and is it your testimony the data

from the poll was responsive to Senator West's question?

A. I believe it is. He accepted it.

Q. Turning to Page 159 at Line 16. Do you see

that Senator West asked you whether there was any

prosecution of fraud in Texas associated with

identification?

15 A. (Reading.)

16 Q. Senator, do you see that Senator West requested

information about prosecutions of fraud associated with

19 A. I do not.

20 Q. On page 159?

21 A. No.

22 Q. You don't see it on page 159 at Line 16?

A. No. Okay. I see whether --

24 Q. That's exactly right. That's where it starts.

A. What was your question?

A. No.

Q. When did you first become aware of requests for

information about the racial composition of Texans who

lacked -- Texas voters who lacked a driver license?

A. Questions that were asked by -- by opponents of the bill during the hearing.

Q. And did you first learn about that during

consideration of Senate Bill 362?

A. I think those questions have been asked through

three sessions, through 218, 362 and Senate Bill 14.

Q. Did you prepare for the Committee of the Whole

hearing on Senate Bill 14 by meeting with anyone from

13 the Secretary of State's Office?

14 A. No.

18

25

15 Q. Did you meet with Ann McGeehan in January 2011,

before the Committee hearing?

A. Not to my knowledge.

Q. Does the Secretary of State maintain data about

Texas voters who have Hispanic surnames?

A. I'm sorry, I don't know that answer.

21 Q. Who is Coby Shorter?

22 A. He was an employee of the Secretary of State.

23 Q. Is he the Deputy Secretary of State?

24 A. To my knowledge he is.

Q. Was he at the time of consideration of Senate

254

Q. Do you see your response to that question?

A. I do.

Q. What was your response?

A. "I believe the bill that we're bringing forward

today will clearly say when you walk in the voting

booth, you identify yourself as who you say you are, and

the bill that we're bringing forward, we believe will pass the Supreme Court of the United States and be

approved by the Justice Department."

Q. Do you believe that your response was

responsive to Senator West's question?

12 A. It must have been because he did respond and went to the next question.

Q. Is that the only reason why you think it was 15 responsive?

A. Well, other than I know Senator West very well, and he's not bashful about asking a second question.

18 Q. During the Senate's -- and you can put away

that exhibit for the time-being. During the Senate's consideration of Voter ID legislation, were there

requests for information about the racial composition of

Texas voters that did not possess a driver license?

A. I believe there was a question asked of DPS when they were testifying.

Q. Did you make any requests yourself?

¹ Bill 14?

A. I believe he was, yes.

Q. Before the Committee of the Whole hearing on

Senate Bill 14, were you standing outside of the Senate

chamber with Senator Williams before the hearing?

A. There's no way I would remember that.

Q. Do you recall that during the Committee of the

Whole consideration of Senate Bill 14, that Ann McGeehan

testified as a resource witness?

A. In 2011, Senate Bill 14?

11 Q. Yes.

A. Do we know when this was -- the date on this, when it was released?

Q. Well, I'm just asking you based on your --

A. I'm trying to give you an answer based on when this was released.

Q. Certainly. Turning to the following page, do you see that it refers in a couple of paragraphs down, to the Senate Bill 362?

A. I believe the reference there was made in the testimony on 362 that in Houston, there was an election judge that had had a lady with a big hat with fruit on the top of it, brightly colored, voted, left, went to her car, came back in, in 15 minutes, came back and voted. The exact same woman voted again. There was a -- the person -- the election person went to the election judge running the voting and made them aware that the woman was voting for the second time and they were made aware, "Well, we don't have the ability stop her from voting. We don't have the tools to stop her." So, that probably is a reference to a large urban

county, i.e., Houston, where that actually happened. 24 Q. Do you know the race of that voter by chance?

A. I believe it was an Anglo.

this deposition, you're -- or I'm asking questions,

you're answering them, so I can't answer that question.

Based on your review of Exhibit 37, what

do you believe it to be?

A. The subject says University of Texas Polling

Data on Voter ID, and it was released on January 24,

2011, so I'm assuming it was the second Texas poll that

came out. There was one in 2008 and one in late 2010 that was released in January of 2011. Is that the --

Q. And so that's what you believe this to be,

page, at the first page, that respondents were asked

about, "Some people argue that requiring registered

voters to present government issued photo ID reduces

voter fraud?"

MS. WESTFALL: Could you mark this --

A. Yes.

Q. Do you see that sentence?

Does Senate Bill 14 allow voters to allow

any form of government issued photo ID?

MR. HALPERN: Objection, compound.

Q. (By Ms. Westfall) You may answer.

A. A -- the answer is yes. Because a passport is

a government issued ID, a military ID is a government ID

and the citizenship is a government ID, so yes, we do 10

allow it.

11 Q. Does Senate Bill 14 allow voters to present any

form of government issued photo ID?

A. The answer is yes because that is a type of ID.

Q. But Senator, there are many forms of ID that

are issued by the government that you testified about

today that were not included in Senate Bill 14; isn't

17 that right?

A. But that's not the question you asked me. You said does it -- are they -- are "any" allowed, and "any"

would include passports -- passports, you know, the

citizenship papers, the -- you know, the three that I've

mentioned.

voters present government issued photo ID, right?

     Q. (By Ms. Westfall) Does this poll ask about the
   provisions of Senate Bill 14?
          MR. HALPERN: Counsel, let me enter an
   objection for the record because you don't have the poll
   question. You have somebody's representation of what
   the poll question was. So he's answered your question.

     Q. (By Ms. Westfall) I'm asking about --
11
          MR. HALPERN: He's telling you he thinks
12
   it was a difference poll question.
13
     A. And if you'll allow me to answer, you are
   incorrect. I do know what the poll question was, and
   the question was, "Would you be in favor of a strict
   photo ID to vote," and respondents answered, 70 percent
   of Hispanics said yes. And that is not a nonresponsive
   answer, that is a correct answer based on the poll,
   because this was a poll that was conducted based by the
   University of Texas in late -- in late December of 2010
   and it matched the results of the poll they did in 2008.

Q. That wasn't my question, I think. Let me ask the question again. Are the rights of a person seeking

to vote any different from the rights of a person seeking to drive?

A. I'm not sure I understand the question you're asking. That -- obviously, someone that is asking for a driver's license is asking for the rights to drive the vehicle. The identification for voting is trying to identify that they are who they say they are.

Q. Are there constitutional rights involved in either the right to drive or the right to vote?

A. I don't believe there's a constitutional right to drive.

Q. What about the right to vote?

A. The -- there's a constitutional right for the ability to vote.

Q. Okay. Well then, does -- how is that 18 constitutional right protected if you impose the same 19

requirements for a voter as you do for a driver? 20 MR. HALPERN: Objection, misstates the 21 testimony, assumes facts not in evidence.

correct?

6 Q. I'm sorry, what?

A. The answer is no.

Q. Okay. Do you remember SB 1, the Budget Bill, that came after SB 14?

earlier on that there's been some other legislation

after SB 14 that dealt with, as I recall, citizens or

other people and qualifications to vote; is that

A. You're going have to be more specific. Every Budget Bill in every session is SB 1.

Q. Okay. In 2011, the Budget Bill, SB 1, was not passed in the regular session, it was passed in a

special session in July, and as part of that budget

bill, there was a provision, as I recall, this Chapter 72, that was added by Senator Williams in the process

which dealt with the driver's license and basically,

among other things, required applicants for new or renewal licenses to present documentary proof of

citizenship. Do you remember that?

21 A. No.

Q. Were you involved in that at all?

24 Q. Are you aware that the requirements for

driver's license applicants have been increased since

rights of the voter?

MS. HALPERN: Objection, calls for a legal conclusion. This witness is not an expert witness.

Q. (By Mr. Derfner) Fine. Can you answer the question, Senator?

A. I'm not an expert witness.

Q. I know you're not an expert witness. What is your belief?

A. That would be based on speculation that -- I'm not an expert witness in this area.

Q. Okay. Did you take any -- when you were participating in the legislative consideration of SB 14, did you take into consideration any different -- any constitutional difference between the rights of drivers and the rights of voters?

A. I'm not sure that issue was ever raised by anyone in the debate.

Q. Okay. Did you consider it?

19 A. I can't say that I considered it because it was not raised as an issue by anyone in the debate.

Q. Okay. Do you know if -- do you know if anybody else considered it?

A. I just said that I don't know that anyone raised this as an issue.

Q. Okay. I believe you -- I believe you said

the time you passed -- since the time that SB 14 was passed?

A. No.

Q. Okay. I think I have just one more question.

Did you at any point in 2011 say to

Senator Ellis that the reason you were carrying SB 14, or the Voter ID bill, was because you "drew the short

straw"?

A. No.

10 Q. Okay. 11

MR. DERFNER: I have no more questions.

Thank you.

MR. SCOTT: How much time?

MS. HALPERN: Well, they're done.

15 MR. SCOTT: Well, I was just going to see 16

if they left me any. 17 MS. HALPERN: Well, you're -- it's by 18 party, by who is above and below the V.

19 MR. SCOTT: Oh, okav.

MS. HALPERN: You're below the V.

21 MR. SCOTT: Okay. Well, then how much

time do they have left?

23 MS. HALPERN: How much time do they have 24

left, around 10 minutes?

THE COURT REPORTER: Just a second.

A. Yes. And I would like to make an additional

reference on this, actually. During the laying out of the bill in 2007, Senator Zaffirini had noticed that I

had a huge book with all of this in there, and she asked

to see it. I not only gave it to her, but I made sure

that she was aware of all the things I had in the book pertaining to these, that they had received.

(Exhibit 45 marked for identification.)

Q. (By Mr. Scott) Let me hand you what's been

marked as Exhibit 45 to your deposition.

A. Yeah.

Q. Have you ever seen that document?

A. Yes, I have.

Q. What is it?

A. It was a poll done by the University of Texas

in which we received in February of 2011, the poll

actually was taken in December of 2010. It was a

follow-up to the 2008 poll of basically asking the same

questions saying, "Do you agree or disagree that

registered voters should be required to present a

government issued photo ID before they can be allowed to

vote?" Of the people that they polled, 75 percent

agreed. The racial makeup of the poll showed that it

was broadly agreed to even among Democrats and

Republicans and that if you looked at the racial makeup

move to strike this narrative response.

Q. (By Mr. Scott) And so, Senator, on the first

slide, would you -- what was the question posed to the

-- for purposes of obtaining the polling?

A. "Do you agree or disagree with the idea that

registered voters should be required to present a

government issued photo ID at the polls before they can

be allowed to vote?"

Q. And were -- what was the percentage of people

330

of who agreed with this, 80 percent of Anglos agreed, 63

percent of African-Americans and 68 percent of Latinos.

The Latino number actually increased in that two-year period.

Q. And did you -- and you had that in your possession prior to the passage of SB 14?

A. Yes, I did. And I made this available to all 31 members.

(Exhibit 46 marked for identification.)

Q. (By Mr. Scott) I hand you what's been marked as the Exhibit 46 to your deposition. Have you seen this

A. This is a follow-up poll, I believe, to -- by the University of Texas.

15 Q. And what were the results of that poll? Well, 16 first of all, what did they poll?

MS. WESTFALL: Objection, relevance. This 18 is past the enactment.

Q. (By Mr. Scott) You may answer.

13

19

A. This poll was taken after the bill was passed, enacted, but it has not been enacted into law because

Texas did not enjoy the benefits of Voter ID law until

after the -- the ruling by the Supreme Court, Section

²⁴ 5. The question they asked, "Do you agree or disagree

 25 with the idea that registered voters should be required

agreed?

A. 66 percent agreed.

Q. And let's look over at Section 5. What was the

question?

A. "Do you agree with the idea of the registered voter should be required to present a government issued ID at the polls before they can be allowed to vote?"

Q. And what were the percentages by party in

agreement?

A. You actually had three different categories

here because the -- there were people that called them

"Independents" in 2012. Along party lines, 92 percent

of Republicans; 37 Democrat; but Independents, 73

percent said that they should, which gave an overall

total of 66 percent.

Q. And if you'll turn over to the fourth slide,

17 would you read the question -- the poll question on 18

19 A. "Do you agree or disagree with the idea that

registered voters should be required to present a

government issued photo ID at the polls before they can

be allowed to vote?"

23 Q. And what were the percentages of agreement

based upon race?

A. That this -- you're asking the race?

A. Yes.

11 Q. At the very top, do you see where it says,

12 "Single most important problem facing Texas"?

13 A. Yes.

14 Q. Is lack of confidence in voting any of the most 15

important problems facing Texas? A. I do not see it listed there, but I don't think that was one of the ones -- the things that was asked, the question -- the choices available. I believe if you totaled the numbers of percentages, that will total to a hundred. They gave these people eight choices of questions they could ask. They chose between those eight. The question you're asking was not a choice they

included.

Q. But this poll does ask about photo voter ID requirements; is that right?

Q. Okay. Do you see where it says, "In this study, I exploit the existence of a natural experiment

in the impact of photo ID: the change in turnout between

13 the 2002 and 2006 midterm elections in Indiana." 14

Do you understand that this report

analyzes election results in the 2006 and 2006 midterm elections in Indiana?

17 MR. HALPERN: I think you misspoke,

18 Counsel. You meant 2002 and 2006?

Q. (By Mr. Shordt) I'm sorry, 2002 and 2006.

20 A. I believe that's what it says.

Q. Are you aware of whether 2002 or 2006 were

presidential election years?

A. I believe that they are referring to midterm, 24 and midterm generally means that's not a presidential

election year.

Q. Do you understand that -- or in your experience as a Senator, is voter turnout generally higher during

- midterm elections or general elections?
- A. The analysis of this is not determining whether turnout was high or low in reference to a midterm or presidential year. They compared it to like midterm years and other midterms.
- Q. But that wasn't quite my question. Is turnout generally higher in a midterm elections, Senator, or --
- A. In a presidential year, it generally is higher.
- Q. So do you think that an analysis of midterm elections would accurately reflect turnout rates in a
- presidential election then?
- 14 A. Well, as someone who's been in politics for a long time, I can tell you that the -- anytime that you look at polling data, you always look at midterm. Because in a presidential race, it depends on the
- candidates running and you can have anomaly that
- happens. And we had an anomaly 2008 because Obama was able to turn out a large portion of voters that normally
- 21 wouldn't vote.
- In the midterm prior to that, in 2006 and 23 the midterm of 2002, normally you do not have that anomaly and you get a very like sample so the
- representation is better, and that's the reason they

that correct, sir?

A. I testified that in the Senate, both policy and

the request to turn in amendments, so we're allowed to look at the physical impact and the input back from the

agencies of the implementation of the -- of the

amendment, and the reason you do that in advance is that

it helps the person carrying the amendment chances of

passing because it allows the agency that impact.

Generally in the legislature, if an

amendment is dropped in late; i.e., you only have a few minutes to look at it, its chances of passage are very

thin or unlikely, because you do not have sufficient

time to analyze the impact of the -- of the amendment

that's offered. 15

- Q. What would a sufficient time to analyze the amendment offered be?
- A. 24 hours.
- Q. And do you feel that two weeks is enough time
- to analyze the sufficiency of a major piece of
- legislation like SB 14?
- A. I would think two weeks would be, yes.
 - Q. Were there any amendments offered that were not
- provided 24 hours ahead of time that were adopted?
- A. I -- I do not know the answer to that. I would
 - think it is the likelihood that the CL -- the concealed

350

used 2002 and 2006.

- Q. But is true that more people will vote in a
- presidential election year?
- A. I know the question you're asking, but this report is referencing a study in 2002, 2006, and it has nothing do with a presidential year.
- Q. So it has nothing to do with analyzing an election where more people will likely vote?
- A. Not if there's an anomaly because of the presidential election turning out an abnormally -- an abnormal number of people. They're looking at comparing apples and apples. If you used a reference of what happened in 2002 and 2006, it is apples and apples with other midterm elections.
- 15 Q. Do you think that 2008 was the only presidential abnormality election?
- A. I was using 2008 as an example, but generally you'll have, if you're going to have an abnormal turnout, it will be in an highly contested presidential
- 21 Q. One last question: You testified with respect to the amendments that were offered by legislators less
- correct me if I'm mischaracterizing your testimony, but
- 25 there was not enough time to analyze the amendments; is
- than 24 hours prior to consideration of SB 14, and

- handgun amendment license by Senator Hinojosa, I don't
- think we had 24 hours notice, but that was an amendment
- that was easy to analyze because we knew the impact
- because it was already -- there wasn't a fiscal impact
- because it was already in place.
- Q. So you did make some exceptions to the 24-hour
- rule?

A. If we were able to analyze the amendment.

- Q. Okay. And can you tell me is it true that the
- time of floor consideration was changed for -- from 9:20 p.m. on January 26, 2014 to the daytime hours on
- January 26, 2014, so the public could watch? Is that
- accurate?

A. Say it -- ask the question again, please.

- 15 Q. Was the time of floor consideration for SB 14
- changed from 9:20 p.m. on January 26, 2014, to the 17
- daytime hours on January 26, 2014, so the public could 18

- 21 Q. Let me ask you this. Sorry to cut you off, but I want to ask it probably a different way. Do you
- 23 recall when consideration of SB 14 began?
- 24 A. No.
 - Q. Do you recall if it was in the morning or
